XV. ADJOURNMENT

At the Special Meeting, held on Wednesday, June 24, 2020, with Closed Session beginning at 5:30 P.M., and Regular Session beginning at 6:00 P.M. via Live Stream due to the COVID-19 Pandemic, in the Board Room of the Greenville County Government Building, 1781 Greenville County Circle, Emporia, Virginia.

Present: Belinda D. Astrop, Chairman
James R. Brown, Vice-Chairman
William B. Cain
Tony M. Conwell

Chairman Astrop called the meeting to order.

In Re: Closed Session

Mrs. Brenda Parson, County Administrator, stated that Staff recommended the Board go into Closed Session, Section 2.2-3711 (a) 7) Legal Matter.

Supervisor Conwell moved, seconded by Supervisor Brown, to go into Closed Session, as recommended by Staff. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye, Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Regular Session

Mrs. Parson stated that Staff recommended the Board of Supervisors return to Regular Session.

Supervisor Conwell moved, seconded by Supervisor Brown, to go into Regular Session. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye, Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Certification of Closed Meeting – Resolution #20-136

Supervisor Brown moved, seconded by Supervisor Cain, to adopt the following Resolution. A roll call vote was taken, as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

**RESOLUTION #20-136
CERTIFICATION OF CLOSED MEETING**

WHEREAS, the Greenville County Board of Supervisors has convened a closed meeting on this date pursuant to an affirmative recorded vote and in accordance with the provision of the Virginia Freedom of Information Act; and

WHEREAS, Section 2.2-3712 of the Code of Virginia requires a certification by the Greenville County Board of Supervisors that such closed meeting was conducted in conformity with Virginia law:

NOW, THEREFORE, BE IT RESOLVED that the Greenville County Board of Supervisors hereby certifies that, to the best of each member's knowledge, (i) only public business matters lawfully exempted from open meeting requirements by Virginia law were discussed in the closed meeting to which this certification resolution applies, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed or considered by the Greenville County Board of Supervisors.

In Re: Pledge of Allegiance and Invocation

Mrs. Astrop led the Pledge of Allegiance and Supervisor Cain gave the Invocation.

In Re: Approval of Agenda

Mrs. Parson stated that Staff recommended approval of the Agenda with one added item in Closed Session – Legal Matters.

Supervisor Conwell moved, seconded by Supervisor Brown, to approve the agenda as amended. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Consent Agenda

Mrs. Parson stated that Staff recommended approval of the Consent Agenda consisting of the following:

Minutes from the meeting of June 1 2020.

Budgetary Matters consisting of the following: Fund #001 – Journal Voucher #56, in the amount of \$24,665; Fund #008 – Journal Voucher #7, in the amount of \$336.99 and Fund #075 – Journal Voucher #5, in the amount of \$1,960.66, all of which are incorporated herein by reference.

In Re: Warrants:

Approval of Accounts payable for June 15, 2020, in the amount of \$555,421.90.

Supervisor Cain stated that there was a consent among the Board and minutes approved regarding the Improvement Association. He also stated that any time there was a point of order with a motion made, a second was needed and the Chairman was obligated if the Board asked for a point of order.

Mr. Russell Slayton, County Attorney, stated that the Attorney General, during his ruling had stated that the Board of Supervisors' motions did not require a second. He stated that Virginia Law superseded Roberts Rules of Order.

Supervisor Cain stated that there was a motion to level fund and there were only two votes. He stated that there had to be three votes to pass an item. He stated that there was a consent among the Board members to fund the Improvement Association at \$33,000 and the minutes with the consent was passed but he was only seeing \$20,000 proposed in the budget at level funding. He also stated that later the question was asked how many kids were being served from the City of Emporia and how many kids were being served from the County of Greenville by the Improvement Association. Supervisor Cain stated that when the motion was made for level funding there were two ayes and two nays.

Supervisor Conwell stated that this should be taken up during budget matters that were listed further down on the agenda.

Supervisor Conwell moved to approve the Consent Agenda. There was no second. Chairman Astrop called for a roll call vote as follows: Supervisor Brown, nay; Supervisor Cain, nay; Supervisor Conwell, aye and Chairman Astrop, aye.

Mrs. Parson stated that it meant that no payables could be handled. Mr. Slayton stated that the items could be voted on separately from the minutes.

Mrs. Parson stated that Staff was recommending approval of the minutes for June 1, 2020.

Supervisor Conwell moved to approve the minutes of June 1, 2020. There was no second. Chairman Astrop called for a roll call vote as follows: Supervisor Brown, nay; Supervisor Cain, nay; Supervisor Conwell, aye and Chairman Astrop, aye.

Mrs. Parson stated that Staff recommended approval of the remaining items in the consent agenda. Chairman Astrop called for a roll call vote as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Resolution #20-130 – Approval of FY2020-2021 Budget

Mr. Gary Cifers, Assistant County Administrator addressed the Board of Supervisors and read the following resolution into record. He then requested approval.

**RESOLUTION #20-130
APPROVAL OF FISCAL YEAR 2020-2021 BUDGET**

WHEREAS, the Recommended Operating and Capital Budget for the Fiscal Year 2021 has been duly advertised, public hearings held and revisions made;

NOW, THEREFORE, BE IT RESOLVED that for information and fiscal planning purposes, except the School Budget, the Board of Supervisors of Greenville County adopts, as incorporated herein by reference, a General Fund Budget of \$21,779,651; a Public Transportation Fund Budget of \$155,074; a Fire and Rescue Service Fund Budget of \$342,479; a Solid Waste Enterprise Fund of \$1,167,733; and a Capital Fund Budget of \$2,627,442.

FURTHER, BE IT RESOLVED that no expenditure be made nor money shall be paid out until an appropriation is made by this governing body.

Supervisor Conwell moved, seconded by Supervisor Cain, to approve Resolution #20-130. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Resolution #20-131 – Approval of Greenville County School Budget for FY2020-2021

Mr. Cifers addressed the Board of Supervisors and read the following resolution into record. He then requested approval of Resolution #20-131.

**RESOLUTION #20-131
APPROVAL OF GREENSVILLE COUNTY SCHOOL BUDGET FOR FY2020-2021**

WHEREAS, the Greenville County School Board initially adopted a budget on March 9, 2020 for the 2020-2021 fiscal year; and

WHEREAS, the Code of Virginia, 1950, section 22.1-93, states that the governing body of a county shall approve an annual budget for educational purposes by May first or within thirty days of the receipt by the County of the estimates of state funds, whichever shall occur later; and

WHEREAS, the County and City of Emporia have met and determined the amount of local funding to be provided to the schools.

NOW, THEREFORE, BE IT RESOLVED that the Greenville County Board of Supervisors approves a budget consisting of \$9,708,270 in local funds of which \$5,367,743 is projected to be the County of Greenville share and \$4,340,527 is projected to be the share of the City of Emporia.

Supervisor Conwell moved, seconded by Supervisor Cain, to approve Resolution #20-131. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Resolution #20-132 – FY2020-2021 Appropriations Resolution

Mr. Cifers addressed the Board of Supervisors and read the following resolution into record. He then requested approval of Resolution #20-132.

RESOLUTION #20-132 FY2020-2021 APPROPRIATIONS RESOLUTION

BE IT RESOLVED by the Board of Supervisors of Greenville County that the following fund appropriations be and hereby are made for the period of July 1, 2020 through June 30, 2021.

FURTHER, BE IT RESOLVED that the County Treasurer is hereby authorized and directed to transfer no more than \$5,367,743 from the general fund to the school fund as needed to meet the School Fund appropriation by categories; and

FURTHER, BE IT RESOLVED that the County Treasurer is hereby authorized and directed to transfer no more than \$432,656 from the General Fund to the Capital Projects Fund, as needed.

Supervisor Cain stated discussion had been held regarding the Improvement Association's budget. He stated that he did not know how the Board would resolve the issue regarding the level funding of \$20,000 when there was a consensus to fund the additional \$13,000. He also asked for clarification on the Capital Improvement Transfers because he did not see any itemizations regarding the funding.

Mr. Cifers stated that the Capital Improvement Transfers were located in the Board of Supervisors budget binder listing the Capital Improvements projects previously discussed.

Supervisor Cain also stated that the CYC received \$13,698 last year and this year they only received \$10,000. Mr. Cifers stated that their budget was based on the calculation of the number of residents that used their facilities. He stated that if Staff went according the calculations, it was less Greensville County residents that used their facilities resulting in a lesser amount in the budget.

Supervisor Cain stated that the issue with the Improvement Association needed to be resolved. Mr. Cifers stated that it was currently listed at level funding of \$20,000.

Chairman Astrop stated that it was her recommendation that the additional money be included as requested but the money be paid out at a later date to make sure the County's funding was in good standing to appropriate that money to the Improvement Association.

Mr. Cifers stated that if the money was to be included, Staff would have to readjust the budget and another meeting would need to be held tomorrow.

Supervisor Cain moved, seconded by Supervisor Brown, to approve the additional \$13,000 in funding to the Improvement Association. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

Mrs. Parson stated that the Board could not go any further with the resolutions because of the change in funding to the Improvement Association. She stated that the budget resolutions would have to be approved again along with the appropriations resolutions due to the change. She also stated that the school system needed an answer by tomorrow so another meeting would need to be scheduled for tomorrow afternoon or whatever time the Board could meet.

Supervisor Cain also asked about the Fire Department funding and that he did not agree to the Capital Improvements funding in the amount of \$52,000. He stated that a decision had not been made whether to include the capital improvements funding for the fire department. Further discussion was held among the Board.

Supervisor Conwell asked that Mr. Reggie Owen, Program Administrator, readdress the Board in reference to the \$52,000 Capital Improvements request.

Mr. Owens addressed the Board and presented the estimates and quotes that were presented at a previous meeting. Supervisor Cain stated that he had someone go out and look at the building and he was told that the roof needed to be replaced. He stated that he did not see an essential need for anything else being done at this time. Further discussion was held among the Board regarding replacing the roof and other repairs at the fire department facility. Supervisor Cain stated that he was willing to fund repairs to the roof or replace the roof, if necessary, but would not agree to funding anything else. Mr. Owens stated that the roofing cost was not included in the \$52,000 but he would be willing to shift other repairs around for the roof repairs if it was absolutely necessary.

Chairman Astrop stated that if she was correct, what she was hearing that out of the \$52,000, if the roof needed replacing or fixing, those funds would be expended first on the roof and anything additionally, would be prioritized by need.

Supervisor Conwell stated Staff needed a figure for the repairs to be put in the budget.

Supervisor Conwell moved, seconded by Supervisor Brown, to approve the \$52,000 in capital funds with the roof being done first and a prioritized list of all other items to be followed.

A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, nay, Supervisor Conwell, aye and Chairman Astrop, aye.

Mrs. Parson stated that the Board would have new resolutions to vote on tomorrow afternoon to incorporate the changes in the budget.

In R: Resolution #20-134- Refinancing of VRA 2010-A Bond Issue for the Jarratt Water Treatment Plant

Mr. Glen Gibson, Assistant Director, stated that the resolution was regarding the 2010 Virginia Resources Authority Bond. He stated that Staff would like to refinance the bond and that the bond was originally for the construction of the Jarratt Water Treatment Plant and supporting distribution system improvements. He also stated that the interest rate had dropped considerably since the 2010 Bond was sold. Mr. Gibson stated that he VA Resource Authority suggested that Staff add the 2011 Bond to the refinancing to obtain a larger interest rate due to a larger loan. He stated that the 2011 Bond was issued to finance improvements to the Three Creek Wastewater Treatment Plant and the Jarratt Wastewater Treatment Plant. He stated that Staff was requesting approval of the following Resolution.

**RESOLUTION #20-134 OF THE BOARD OF SUPERVISORS OF
GREENSVILLE COUNTY, VIRGINIA, AUTHORIZING THE
EXECUTION OF A SUPPORT AGREEMENT PROVIDING FOR
GREENSVILLE COUNTY, VIRGINIA'S MORAL OBLIGATION
TO MAKE CERTAIN APPROPRIATIONS WITH RESPECT
TO A WATER AND SEWER SYSTEM REVENUE
REFUNDING BOND OF THE GREENSVILLE COUNTY
WATER AND SEWER AUTHORITY**

The Greenville County Water and Sewer Authority (the "Authority") presently owns, operates and maintains water and sewer facilities (the "System") to provide for the water and sewer needs of the residents of Greenville County, Virginia (the "County").

The Authority proposes to issue its Water and Sewer System Revenue Refunding Bond, Series 2020B (the "2020 Bond"), to refund all or a portion of the outstanding balance of its \$4,435,000 Water and Sewer System Revenue Refunding Bond, Series of 2010, that financed the refunding and defeasance of the outstanding balance of the Authority's \$5,505,000 Water and Sewer System Revenue Bond, Series 2001, together with issuance costs in connection therewith, to refund all or a portion of the outstanding balance of its \$1,640,000 Water and Sewer System Revenue Bond, Series of 2011, that financed all or a portion of (1) solid waste handling improvements to the Three Creek Wastewater Treatment Plant and (2) improvements to the Jarratt Wastewater Treatment Plant, together with issuance costs in connection therewith, and to cause the 2020 Bond to be sold to the Virginia Resources Authority ("VRA") pursuant to the terms of a Local Bond Sale and Financing Agreement to be dated a date specified by VRA, between VRA and the Authority (the "Financing Agreement").

The Authority has requested the Board of Supervisors of the County facilitate the issuance and sale of the 2020 Bond by entering into a Support Agreement to be dated a date specified by VRA, among the Authority, the County and VRA (the "Support Agreement"), the form of which has been presented to this meeting and filed with the County and to acknowledge certain matters as conditions to VRA's purchase of the 2020 Bond.

BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF GREENSVILLE COUNTY, VIRGINIA:

1. The Board of Supervisors of the County acknowledges that (i) the obligations of the Authority to determine, and of the County to pay, the charges for the use of and for services to be furnished by the System (as defined in the Financing Agreement) are crucial to the security for the 2020 Bond, (ii) VRA would not purchase the 2020 Bond without the security and credit enhancement provided by the Support Agreement, (iii) VRA will be a third party beneficiary of the Support Agreement for so long as the 2020 Bond remains outstanding, and (iv) VRA is treating the Support Agreement as a "local obligation" within the meaning of Section 62.1-199 of the Code of Virginia of 1950, as amended (the "Virginia Code"), which in the event of a nonpayment thereunder authorizes VRA or the trustee for VRA's bonds to file an affidavit with the Governor that such nonpayment has occurred pursuant to Section 62.1-216.1 of the Virginia Code. Section 62.1-216.1 of the Virginia Code provides that if the Governor is satisfied that such nonpayment has occurred, the Governor will immediately make an order directing the Comptroller to withhold all further payment to the County of all funds, or of any part of them, appropriated and payable by the Commonwealth of Virginia to the County for any and all purposes, and the Governor will, while the nonpayment continues, direct in writing the payment of all sums withheld by the Comptroller, or as much of them as is necessary, to VRA, so as to cure, or cure insofar as possible, such nonpayment.

2. The Support Agreement is approved in substantially the form presented to this meeting, with such changes, insertions or omissions as may be approved by the Chairman or Vice-Chairman of the Board of Supervisors of the County or the County Administrator, any of whom may act, whose approval shall be evidenced conclusively by the execution and delivery of the Support Agreement on the County's behalf. The Chairman or Vice Chairman of the Board of Supervisors of the County or the County Administrator, any of whom may act, is authorized to execute and deliver the Support Agreement and such other documents and certificates as such officer may consider necessary in connection therewith.

3. As provided in the Support Agreement, the Board of Supervisors of the County hereby undertakes a non-binding obligation to appropriate to the Authority such amounts as may be requested from time to time pursuant to the Support Agreement, to the fullest degree and in such manner as is consistent with the Constitution and laws of the Commonwealth of Virginia. The Board of Supervisors of the County, while recognizing that it is not empowered to make any binding commitment to make such appropriations in future fiscal years, hereby states its intent to make such appropriations in future fiscal years, and hereby recommends future Boards of Supervisors of the County do likewise during the term of the Support Agreement.

4. The County Administrator is hereby authorized and directed to take such actions and give such notices as may be required of him under the Support Agreement.

5. All resolutions or parts thereof in conflict herewith are hereby repealed.

6. This Resolution shall take effect immediately upon its adoption.

Supervisor Conwell moved, seconded by Supervisor Brown, to approve Resolution 20-134. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Virginia Telecommunication Grant Funds

Mr. Lin Pope, Director of Planning, addressed the Board stating that the Department of Housing and Community Development had recently rolled out their Virginia Telecommunication Initiative Grant. He stated that this year they would be awarding up to \$19 million for the fiscal year of 2021 to eligible applicants to provide last-mile services to unserved areas in the Commonwealth. He also stated that Mecklenburg Electric had agreed to be a co-applicant with the County to apply for funds for the expansion of broadband throughout Greenville County. Mr. Pope stated that the next key date in the application process was July 13 where localities had to notify, by letter, their intent to file an application with DHCD for the VATI funds. He stated that the application deadline was August 17. He then stated that Staff was requesting authorization for the County to partner with Mecklenburg Electric to apply for VATI grant funds.

Supervisor Cain asked how much progress had Mecklenburg made since last year when they came before the Board. Mr. Pope stated that a lot of progress had been made and he would send the Board members a map showing the progress.

Supervisor Conwell moved, seconded by Supervisor Brown, to partner with Mecklenburg Electric for the VATI grant funds. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Web-GIS Contract

Ms. Amanda Huskey, GIS Technician, addressed the Board stating that the current contract for the online GIS services expired on June 30. She stated that under the County's Small Purchase Policy, she had requested proposals from three vendors and received quotes from two. She also stated that Hurt & Profitt was the lowest bidder and was also the current vendor. Ms. Huskey further stated Staff was requesting that the County continue with Hurt & Profitt. She stated that a renewal clause had been added to the contract and the contract had also been reviewed by the County Attorney.

Supervisor Conwell moved, seconded by Supervisor Brown, to approve the Web-GIS Contract with Hurt & Profit. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop.

In Re: Coronavirus Relief Funds

Mr. Gary Cifers, Assistant County Administrator, addressed the Board stating that there had been a collaborative effort between many departments throughout Greenville County which included Administration, Finance, Emergency Services, Economic Development, Buildings and Grounds, Information Technology, Building and Planning, Treasurer's Office, Greenville County Water and Sewer Authority, etc. He stated that it was a very short performance period and the funds had to be spent by December 31, 2020. He also stated that as the Assistant County Administrator, he would be the overseer and manager of the funds. Mr. Cifers informed the Board of the recommendations by Staff and the budget categories and amounts for each department. He stated that if Staff proceeded with the process, the County would have to have its own application and no longer a joint venture with the City.

Chairman Astrop asked what was the deadline for the Small Business applicants to submit applications for CARES funding? Mr. Cifers stated he would double check the date and notify the Board.

Supervisor Cain asked if Mr. Cifers had a list of the different businesses that could utilize the funding. Mr. Cifers stated that he had sent a list to the businesses in the County and it included any business that had an Emporia, Jarratt or Skippers address. He stated that 186 businesses had purchased a business license through the County. He then stated the businesses had to meet the requirements of a Small Business.

Supervisor Conwell moved, seconded by Supervisor Brown, to approve the Coronavirus Relief Funds as presented. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop.

In Re: Update on Department of Social Services Facility

Mr. Mike Veliky, Building Official, addressed the Board and gave a brief update on the construction of the new DSS Building project. He stated that the employees moved to the new building on June 11 and 12, 2020. He also stated that the County's Maintenance Staff assisted in the move, along with six members of the Maintenance Staff from the City. He further stated that the contractual date of substantial completion of the building was May 19, 2020 and did not complete the building on that date. Mr. Veliky stated that it was just last Thursday, June 18, when the architect was able to issue the substantial completion. He stated that it should be fully

completed within 30 days of the substantial completed date which would be about three more weeks.

The Board of Supervisors requested that they be given a tour of the new building.

In Re: Boards and Commissions Appointments

1. Southern Virginia Development Corporation – Staff provided names of individuals who were willing to serve due to the death of Mr. Alexander Grant.

Chairman Astorp opened the floor for nominations of an individual to serve on the Southern Virginia Development Corporation Board.

Supervisor Cain nominated Deborah Davis. Supervisor Brown nominated Felecia Washington.

Supervisor Conwell moved to close nominations. A roll vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astorp, aye.

A roll call vote was taken for the appointment of Deborah Davis as follows: Supervisor Brown, nay; Supervisor Cain, aye; Supervisor Conwell, nay and Chairman Astorp, aye.

A roll call vote was taken for the appointment of Felecia Washington as follows: Supervisor Brown, aye; Supervisor Cain, nay; Supervisor Conwell, aye and Chairman Astorp, aye.

2. Southside Virginia Education Center (SVEC) – A County At-Large Industry Appointment for a term of four years.

Chairman Astorp opened the floor for nominations of two individuals to serve on the SVEC Board for a term of four years.

Supervisor Conwell moved, seconded by Supervisor Brown, to re-appointment Mr. Chris Johnson and Mr. Thomas Slippy for a term of four years. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astorp, aye.

3. Transportation Safety Commission –Election District Appointments for a term of two years.

Chairman Astorp opened the floor for nominations of eight individuals to serve on the Transportation Safety Commission for a term of two years.

Supervisor Conwell moved, seconded by Supervisor Brown, to re-appoint Mr. Cornell Hines (ED 1), Mr. Wayne Fetko (ED 4), Mr. Danny Garrett (ED4), Mr. James Hill, (ED3), Mr. Eddie Moore (ED1), Mr. Lorn Allen (ED 2), Mr. Len Hobbs (ED2) and Mr. Francis Drummond (ED 3) to the Transportation Safety Commission. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: COVID-19 Update

Mr. Reggie Owens, Program Administrator, addressed the Board stating that as of June 23, 2020, the Crater Health District (CHD) reported 307 (+33) positive cases of COVID 19 in Greenville County and 110 (+19) positives cases in the City of Emporia. He stated that the death toll as a result of COVID-19 reported by CHD was eight for Greenville County and seven for the City of Emporia. He also stated that the increase of positive cases in the County were largely due to the reported positive cases from the Greenville Correctional Center (180). +10

Mr. Owens stated that Staff had received the first partial shipment of COVID -19 PPE for distribution to residents that were in need of additional resources due to their economic challenges. He stated that Staff had coordinated with the director of the local Department of Social Services for assistance in identifying those families in need.

Mr. Owens also stated that Staff was coordinating a series of "Mobile Test Locations" to offer more testing to residents that were uninsured, or underinsured. He stated that the City of Emporia was a part of the "Pilot Program" and would hold mobile testing events this Saturday June 27th at areas throughout the City. He also stated that once VDH had developed the standards for testing, Greenville County would hold a series of testing for County Residents.

Mr. Owens stated that on June 23, 2020, Governor Northam announced that Virginia would enter Phase Three of the COVID- 19 Response Plan. He stated that Staff recommended to resume the bus service effective July 6, 2020 with a social distancing policy that allowed five passengers per bus. He also stated that all riders were required to wear a mask while riding the bus. Mr. Owens further stated that the drivers would adhere to strict bus cleaning policies, in order to kill any COVID-19 germs that could transferred during the shift.

Mr. Owens then stated that Staff was also recommending reopening the Government Center on Monday, July 13, 2020 to the public. He stated that visitors would be required to answer a series of questions concerning possible exposure to COVID-19 and would be required to wear a mask inside the building at all times. He also stated that Staff would be required to wear a mask when practicing social distancing was not feasible while meeting with a customer inside the office. He further stated that Staff recommended that residents continue to use the drop box and pay by credit card method to help prevent the spread of COVID-19.

Mr. Owens stated that Staff continued to provide updates on the County Webpage, and encouraged residents to visit the Webpage for updates on information on COVID-19 and other business.

Mr. Owens further informed the Board that the FDA published a list of hand sanitizer that may be harmful if used. He stated the hand sanitizer was made using methanol, which was a byproduct of wood burning and could be harmful if absorbed through the skin. He further stated that after checking the inventory, Greenville County did not have any of the brands listed on the FDA sheet.

In Re: Notice of Public Hearing

Mrs. Parson stated that Staff was requesting authorization to post a Notice of Public Hearing for Monday, August 3, 2020 to receive public comments on whether the Confederate Statue on Courthouse Square should be removed, relocated, covered or contextualized.

Supervisor Conwell asked if the Public Hearing would be held at this building or the Golden Leaf Commons. Mrs. Parson stated that it would be held at the Golden Leaf Commons.

Supervisor Conwell moved, seconded by Supervisor Cain, to approve the Notice for Public Hearing. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Bereavement

Supervisor Conwell thanked the Board of Supervisors and Staff of the Greenville County Government, the Greenville County Water and Sewer Authority and the Sheriff's Department for all the phone calls, cards, thoughts and prayers due to the loss of his mother.

In Re: Adjournment

With there being no further business to discuss, Supervisor Conwell moved, seconded by Supervisor Brown, to adjourn the meeting until Thursday, June 25, 2020. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye, Supervisor Conwell, aye and Chairman Astrop, aye.

Belinda D. Astrop, Chairman

Brenda N. Parson, Clerk

At the Regular Meeting, held on Monday, July 6, 2020, with Closed Session beginning at 5:00 P.M. and Regular Session beginning at 6:00 P.M., via Live Stream due to the COVID-19 Pandemic, in the Board Room of the Greenville County Government Building, 1781 Greenville County Circle, Emporia, Virginia.

Present: Belinda D. Astrop, Chairman
James R. Brown, Vice-Chairman
William B. Cain
Tony M. Conwell

Chairman Astrop called the meeting to order.

In Re: Closed Session

Mrs. Parson, County Administrator, stated that Staff recommended the Board go into Closed Session, Section 2.2-3711 (a) 1) Personnel, 5) Business and/or Industry and 7) Legal Matters.

Supervisor Conwell moved, seconded by Supervisor Brown, to go into Closed Session, as recommended by Staff. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Regular Session

Mrs. Parson stated that Staff recommended the Board of Supervisors return to Regular Session.

Supervisor Conwell moved, seconded by Supervisor Brown, to go into Regular Session. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Certification of Closed Meeting – Resolution #21-01

Supervisor Conwell moved, seconded by Supervisor Brown, to adopt the following Resolution. A roll call vote was taken, as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

RESOLUTION #21-01
CERTIFICATION OF CLOSED MEETING

WHEREAS, the Greenville County Board of Supervisors has convened a closed meeting on this date pursuant to an affirmative recorded vote and in accordance with the provision of the Virginia Freedom of Information Act; and

WHEREAS, Section 2.2-3712 of the Code of Virginia requires a certification by the Greenville County Board of Supervisors that such closed meeting was conducted in conformity with Virginia law:

NOW, THEREFORE, BE IT RESOLVED that the Greenville County Board of Supervisors hereby certifies that, to the best of each member's knowledge, (i) only public business matters lawfully exempted from open meeting requirements by Virginia law were discussed in the closed meeting to which this certification resolution applies, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed or considered by the Greenville County Board of Supervisors.

In Re: Approval of Agenda

Mrs. Parson stated that Staff recommended the Board of Supervisors approve the Agenda with one added item – in Closed Session, Under Personnel.

Supervisor Conwell moved, seconded by Supervisor Brown, to approve the Agenda as amended. A roll call vote was taken, as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Consent Agenda

Mrs. Parson stated that Staff recommended approval of the Consent Agenda consisting of the following:

Minutes of the Regular Meeting of June 15 and June 25, 2020.

Budgetary Matters consisting of the following: Fund #001 – Journal Voucher #1, in the amount of \$310.02, which is incorporated herein by reference.

Warrants:

Approval of Accounts Payable for July 6, 2020, in the amount of, \$518,365.94

Approval of Payroll for May 31, 2020, in the amount of, \$477,928.18

Supervisor Cain asked what was the E.A.G.L.E.S Scholarship. Mrs. Parson stated that the scholarship went to all of the graduating seniors from Greenville County High School that would be attending Southside Virginia Community College (SVCC). She stated that the guidance counselor of SVCC did not receive the information regarding the scholarship because it was handled through SVCC. Supervisor Cain requested that the Board receive information regarding the students who received the scholarship this year.

Supervisor Conwell moved, seconded by Supervisor Brown, to approve the Consent Agenda. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Public Hearing

Mrs. Parson stated that Staff recommended the Board go into Public Hearing to solicit public comments regarding Central Absentee Precinct.

Supervisor Conwell moved, seconded by Supervisor Brown, to go into Public Hearing. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Proposed Amendment to the Greenville County Ordinance -- Central Absentee Precinct (CAP)

Mrs. Parson stated that a notice of the Public Hearing was advertised in the Independent Messenger and posted on the Greenville County's website. She stated that the Greenville County Board would be holding the Public Hearing this evening to consider an ordinance to amend and reordain Chapter 7 of the Greenville County Code so as to provide for the creation of a Central Absentee Ballot Precinct (CAP) for all elections. She also stated that there were no comments received before the deadline of noon today.

Chairman Astrop asked if the ordinance was being amended to have one central place for residents to conduct absentee voting. Mrs. Parson stated that the absentee ballots would be received at the Greenville County Registrar's Office.

Mrs. Susan Conwell, Registrar, addressed the Board stating that the Central Absentee Precinct was the Registrar's Office. She stated that it allowed people to come in and vote in person. She also stated that previously when they voted in person, the ballots were delivered to the precinct where they were registered.

Supervisor Cain asked when the person came in in the past, you had to tell why you were absentee voting and you don't have to do it now? Mrs. Conwell stated that "No Excuse" voting was something very different from Central Absentee Precinct. Mr. Brown asked if that meant that you do not have to have an excuse now. She stated that you do not have to have an excuse to absentee vote now.

In Re: Return to Regular Session

Mrs. Parson stated that Staff recommended the Board of Supervisors return to Regular Session.

Supervisor Conwell moved, seconded by Supervisor Brown, to return to Regular Session. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Central Absentee Precinct

Supervisor Conwell moved, seconded by Supervisor Brown, to approve the Central Absentee Precinct Ordinance as presented. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Citizens Comments

Mrs. Parson stated that no comments were received by the deadline from the public.

In Re: Request to Abandon Three Creek's Drive

Mr. Lin Pope, Director of Planning, addressed the Board stating that he had received a letter from CIMC this past April requesting that the County abandon Three Creek's Drive. He stated this was when COVID-19 started and Staff was only conducting business as necessary to move forward. He reviewed the map as attached in the agenda and stated that CIMC had purchased all the property served by Three Creek Drive. He also stated that having three different gates presented problems for CIMC and had requested that the Board begin the

abandonment process of Three Creek's Drive to take it out of the State's system since it was not being used by the general public and not used to access any other properties owned by CIMC. Mr. Pope stated that Staff would have to notify the Commonwealth Transportation Board of the intent to abandon the drive, publish a willingness to hold a public hearing, then there would be another public hearing for action, the Board take action on the abandonment and then it would go to the Commonwealth Transportation Board for completion. He then requested approval of the following resolution.

GREENSVILLE COUNTY BOARD OF SUPERVISORS

RESOLUTION #21-04

RE: INTENT TO ABANDON THREE CREEK DRIVE (SR 661)

RECITALS:

- R-1 The Greensville County Board of Supervisors ("Board") has received a petition/letter from CIMC Intermodal Equipment, LLC ("CIMC") stating that the entirety of Three Creek Drive (SR 661) is no longer necessary for uses of the state secondary highway system.
- R-2 In its petition CIMC stated that Three Creek Drive (SR 661) is not a through road, but instead extends from Sussex Drive (Highway 301) to a point where the road ends in a cul-de-sac, and that the property surrounding Three Creek Drive (SR 661) on all sides, except for Sussex Drive (Highway 301) is owned by CIMC.
- R-3 The Board intends to abandon Three Creek Drive (SR 661).
- R-4 The Board proposes to take action effecting the abandonment of Three Cree Drive (SR 661) at its meeting scheduled to begin at 6:00 p.m. on August 17, 2020, in the Board meeting room of the Greensville County Government Center, located a 1781 Greensville County Circle, Emporia, Virginia 23847.

IT IS, ACCORDINGLY, HEREBY RESOLVED by the Board, as follows:

1. The Board intends to take action at its meeting on August 17, 2020, to abandon Three Creek Drive (SR 661) because it is no longer necessary for uses of the state secondary highway system.
2. The Board will publish notice of its intent to effect such abandonment in a newspaper having general circulation in Greensville County, once a week for two successive weeks, prior to said August 17, 2020, Board meeting.
3. The Board shall also cause notice of its intent to abandon to be posted at the front door of the Greensville County Circuit Court at least three days before the first day of a regular term of the Circuit Court.
4. The Board shall afford notice of its intent to abandon to the Commissioner of Highways.

Supervisor Conwell moved, seconded by Supervisor Brown, to approve Resolution #21-04. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: CARES Relief Funds Budget Amendment Resolution #21-02

Mrs. Parson stated that this was an Appropriations Resolution to appropriate the CARES Relief Funds that were awarded to Greenville County. She stated that at the last meeting, Mr. Gary Cifers, Assistant County Administrator, gave the Board a very comprehensive overview of the CARES Relief Funds. She then requested approval of Resolution #21-02, in the amount of \$989,022.

Supervisor Conwell moved, seconded by Supervisor Brown, to approve the CARES Relief Funds Budget Amendment Resolution. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: The Greenville County Security Policy and Technology Use Guidelines

Mr. Ryan Aerni, IT Manager, addressed the Board of Supervisors stating that the policy consisted of basic guidelines for the County employees to follow while using County devices or on the County's network. He also read the guidelines acceptable and unacceptable use of county devices and use of the network and security updates into record. He then stated that Staff was recommending the Board's approval of the Greenville County Technology Policy, the Technology Guidelines and the agreement page.

Supervisor Brown asked if the employees would have to sign. Mr. Aerni stated yes the employees would be given the opportunity to read it first and then given a deadline to sign the document.

Supervisor Conwell moved, seconded by Supervisor Brown, to approve the Security Policy and Technology Use Guidelines. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Virginia's Growth Alliance

Mrs. Parson stated that with the resignation of the Economic Development Administrative Assistant, there was a vacancy for an alternate person to serve on the Virginia's Growth Alliance beginning July 1, 2020 until December 15, 2021.

Chairman Astrop opened the floor for nominations of an individual to serve as an alternate on the Virginia's Growth Alliance Board.

Supervisor Conwell asked who was currently serving in that position. Mrs. Parson stated no one and that the appointment was for an alternate representative. He then asked if it needed

to be an employee or a Board member. She stated that it was the Board's choice of who they wanted to appoint.

Supervisor Cain asked that the matter be deferred to give the Board an opportunity to find someone.

Supervisor Conwell moved, seconded by Supervisor Brown, to appoint Gary Cifers to serve as an alternate. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: COVID-19 Update

Mr. Reggie Owens, Emergency Management Coordinator, addressed the Board and gave a brief update regarding COVID-19. He stated that based on the report that Staff received from the Virginia Department of Emergency Management's website, there were 511 cases. He stated that each week residents were reminded to continue to practice SOCIAL DISTANCING, wash hands frequently using warm water and soap for at least 20 minutes or use hand sanitizer when washing your hands was not practical, limit exposure to people outside the home, limit shopping trips to the store and wear a face mask if possible while in public places.

He also stated that GET reopened today and would provide transportation on a limited basis due to social distancing guidelines. He stated that riders were required to wear a mask while riding the bus, provided they did not have a medical reason that prevented them from wearing a mask.

Mr. Owens stated that Greensville County's first mobile COVID-19 test station would be held at the Jarratt Fire Station on Thursday July 9th beginning at 6:00 PM to 7:00 PM. He stated that testing was limited to 50 people and they must have a reservation to be tested. He also stated that the Virginia Department of Health (VDH) chose the Jarratt community based on the number of positive cases of COVID-19 in the small area in or surrounding Jarratt. He then stated provided there was a need, VDH would continue to provide mobile testing in this area as long as funding allocations allowed for free testing.

He also stated the Greensville County Government Center would reopen to the public on Monday, July 13, 2020. Mr. Owens stated that residents were encouraged to continue using on line methods of payments and drop off payments as much as possible to help prevent the spread. He then stated that all employees of the Government Center would be briefed on the new procedures while interacting with the public in the coming months.

Supervisor Conwell stated that he had some concerns regarding the building opening back up to the public at this time. He stated that the holiday had just passed and he wanted to see how many people may have been affected by not social distancing before opening the building. He then stated that the Board should postpone the opening until about a week or two until the numbers came in and for the safety of the employees.

There was a consensus to delay the reopening of the building and make a decision at the next Board meeting.

Chairman Astrop stated her concern was about the safety of the bus drivers due to COVID-19. She asked if a fumigation system was being used? Mr. Owens stated that due to the size of the buses, regular Lysol being sprayed and let it air dry overnight would be sufficient to kill the germs. He stated that he had ordered bombs to disinfect the buses and kill germs but they had been on back order since March. Mr. Owens stated that each driver had been instructed to clean the buses and spray Lysol at the end of each shift.

Chairman Astrop stated just as a precautionary measure, she would like to have the buses cleaned mid-way of each shift and after each shift regardless of whether the routes would be delayed a bit.

Mr. Owens stated that the PPE give away was closer to becoming a reality. He stated that Staff had received all of the allotment from the state and the items were stored at the Golden Leaf Commons. He also stated that the plastic bags to put the materials in had also arrived. Mr. Owens stated that the employees would be stuffing and labeling the bags regarding what items were included in the bags. He stated that he needed guidance from the Board regarding the best way to financially reach the disadvantage residents of the County to be able to receive the materials.

Chairman Astrop stated that Staff should pick a central location in all four districts so no one would be left out. Mr. Owens stated that some possibilities included using the voting precincts, the Golden Leaf Commons and the Department of Social Services. He stated that it would be advertised by using Code Red, the County's website, social media, the Independent Messenger and through the churches.

In Re: Recess

Mrs. Parson stated that Staff recommended the Board recess until after the Water and Sewer Authority's meeting to return to Closed Session.

In Re: Closed Meeting

Mrs. Parson stated that Staff recommended the Board go into Closed Session, Section 2.2-3711 (a) 1) Personnel Matters.

Supervisor Conwell moved, seconded by Supervisor Brown, to go into Closed Session, as recommended by Staff. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Return to Regular Session

Mrs. Parson stated that Staff recommended the Board of Supervisor Return to Regular Session.

Supervisor Conwell moved, seconded by Supervisor Brown, to return to Regular Session. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

In Re: Certification of Closed Meeting – Resolution #21-05

Supervisor Conwell moved, seconded by Supervisor Brown, to adopt the following Resolution. A roll call vote was taken, as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

**RESOLUTION #21-05
CERTIFICATION OF CLOSED MEETING**

WHEREAS, the Greensville County Board of Supervisors has convened a closed meeting on this date pursuant to an affirmative recorded vote and in accordance with the provision of the Virginia Freedom of Information Act; and

WHEREAS, Section 2.2-3712 of the Code of Virginia requires a certification by the Greensville County Board of Supervisors that such closed meeting was conducted in conformity with Virginia law:

NOW, THEREFORE, BE IT RESOLVED that the Greensville County Board of Supervisors hereby certifies that, to the best of each member's knowledge, (i) only public business matters lawfully exempted from open meeting requirements by Virginia law were discussed in the closed meeting to which this certification resolution applies, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed or considered by the Greensville County Board of Supervisors.

In Re: Adjournment

With there being no further business to discuss, Supervisor Conwell moved, seconded by Supervisor Brown, to adjourn the meeting. A roll call vote was taken as follows: Supervisor Brown, aye; Supervisor Cain, aye; Supervisor Conwell, aye and Chairman Astrop, aye.

NOTICE PUBLIC HEARING

PROPOSED AMENDMENT TO
GREENSVILLE COUNTY CODE

RE: Chapter 19.9 Courthouse Security Fees

At their regularly scheduled meeting on Monday, July 20, 2020, beginning at 6:00 p.m., in the Golden Leaf Commons, 1300 Greenville County Circle, Suite B, Emporia, Virginia, The Greenville County Board of Supervisors intends to propose for adoption an amendment to Courthouse Security Fees Code of Greenville County. The amendment, if adopted, will increase the security fee from \$10 to \$20 and have an effective date of August 1, 2020.

A copy of the full text of the proposed amendment are on file and available for examination by the public in the Office of the County Administrator at the above address, Monday through Friday, 8:00 a.m. to 5:00 p.m.

***Due to the Covid-19 Pandemic, all persons attending this meeting will be required to wear protective face coverings, practice social distancing and follow the Governor's Executive Order #63 and/or any future, updated Orders.**

Fountain Creek Solar Project
Special Use Permit SP-5-20
Greensville County, Virginia**

**Report Date: July 16, 2020
Board of Supervisors Meeting Date: July 20, 2020**

APPLICATION SUMMARY

Project: Fountain Creek Solar Project Reapplication
Location: Located on the south side of Brink Road with the western boundary along Fish Rd and southern boundary along Fountain Creek Road southwest of Emporia in Greensville County, Virginia.

Parcel Record Numbers: 41-16, 41-17, 42-48, 42-49, 42-50, 42-53, 42-3-A, 42-54

Proposal: Applicant's request for a Special Use Permit for a 80 megawatt (MW) solar energy facility in the A-1 Zoning District

Application Submitted: March 10, 2020

Applicant: Fountain Creek Solar, LLC
100 California Street, Suite 400
San Francisco, CA 94111

Representative: Jen Sherwood/David Stoner
Jennifer.sherwood@clearwayenergy.com
Davidastoner1@gmail.com
315-323-3019 434-227-2105

Owners: See Attachment A

PROPOSED DEVELOPMENT

The Applicant proposes to construct a 80 megawatt photovoltaic solar energy generation facility on two (2) parcels consisting of a total of approximately 802 acres with the project footprint consisting of approximately 560 acres. The project includes a generation tie (gen-tie) line that will convey the power from the project to an interconnection point on an approximately 2-acre parcel east of the Brink substation along Pine Log Road. The gen-tie line is proposed to cross six additional parcels and encompass 31 acres along a 2.2 mile route. The interconnection switchyard will be approximately 200'x200' in dimension, fenced, and include transmission structures not exceeding 75' in height, breakers, and ancillary equipment.

The applicant has proposed a 200 foot minimum setback and a 150 foot vegetated buffer along the parcels east of the project site. A 150 foot setback is proposed from Fish Road, Brink Road, and other project parcel external boundaries with a 100 foot vegetated buffer. The applicant has proposed four (4) wildlife corridors. The project will include permanent access points on Brink Road, Fish Road and Fountain Creek Road.

EXISTING CONDITIONS AND ZONING

The application property is currently zoned A-1, agricultural zoning district, and currently consists of wooded areas, planted trees, fields, access paths, and natural wetlands.

The future land use designation for the project is Rural Residential. The project area is located outside the water and sewer utilities service area.

The applicant has identified one area along the gen-tie corridor that the Department of Historic Resources (DHR) has identified as eligible for listing in the Virginia Landmarks Register (VLR) and the National Register of Historic Places (NRHP).

ADJACENT AND SURROUNDING USES

The project area is surrounded predominately by forest lands with some farmland and single-family dwellings.

All of the adjacent parcels are zoned A-1 Agriculture. The Future Land Use Map indicates the project area is planned as Rural Residential.

A previously approved utility-scale solar facility, consisting of 901 acres and known as the Meherrin Solar Project is located approximately 600 feet to the east, just across Fountain Creek Road from the proposed project. The site is also approximately 4 miles from the previously approved Tradewind site, consisting of 1,099 acres.

The application property is not proximate to any scenic byways.

COMPREHENSIVE PLAN CITATIONS

In September 2019, the County Board of Supervisors amended the Comprehensive Plan to provide guidance on utility-scale solar development. The relevant sections are:

➤ GREENSVILLE COUNTY TODAY

ECONOMIC & BUSINESS ENVIRONMENT

Utility-Scale Solar Facilities greater than 1 MW_{ac} are one of Greenville County's newest industrial scale land uses, with interest throughout the County. Greenville's agricultural land combined with its electrical infrastructure and transportation system, appear to be attractive to the solar industry. The potential impacts of a solar facility must be carefully considered because of the

size and scale of the use; the potential conversion of land to an industrial scale use, with few permanent jobs, that was productive agricultural/forestal land or potential residential, commercial, or industrial land; and the potential impact on nearby properties and the character of the area in general.

➤ GOALS AND OBJECTIVES

GENERAL

- 1) Provide adequate governmental services, including public utilities, to meet the needs of Greenville's citizens.
- 2) Coordinate development with the provision for public utilities and services.
- 3) Preserve the rural character of the County by directing and controlling growth in designated areas.

LAND USE GENERAL

- 1) Encourage new development that complements surrounding uses.
- 2) Concentrate development in appropriate locations by encouraging more efficient site design and incorporating proper buffers between differing uses.

RESIDENTIAL

- 3) Prevent the encroachment of conflicting land uses on existing viable neighborhoods.

COMMERCIAL/INDUSTRIAL

- 5) Evaluate large scale industrial economic development projects that will provide an economic benefit to the County but that may not be in designated development areas or near major transportation systems.

PUBLIC FACILITIES

- 3) Plan accordingly for the future needs of the population.

➤ PLANNING ISSUES & STRATEGIES

LOCAL PRODUCTION OF RENEWABLE ENERGY

- 1) There is interest in the construction of Utility-Scale Solar Facilities in the County as a result for the quest to generate environmentally friendly energy.

STRATEGIES/POLICIES

- a. Utility-Scale Solar Facilities greater than 1 MW_{AC} may be acceptable in agricultural zoned districts.
- b. A Decommissioning Plan will be provided by the owner of Utility-Scale Solar Facilities to ensure to proper dismantling of the project.

AGRICULTURAL AND FORESTAL LAND ISSUES

- 1) There is concern to maintain the agricultural characteristics of the County not included in the Urban Services District.

STRATEGIES/POLICIES

- a. Re-evaluate current development standards to ensure all areas that lie within the Rural Development Area, with the exception of Major Commercial Hub, maintain these agricultural and rural development qualities.

➤ THE LAND USE PLAN

RECOMMENDED LAND USE CATEGORIES

Land use categories are general indications of what the community would like to see in the future. They are not the same as zoning classifications. Zoning designations are more detailed and site-specific and carry the power of law. The land use categories are set for in this plan as a guide for future rezoning and review of zoning requests.

3. Rural Residential; Conservation Area

Characterized by low-density residential development such as detached single-family units on lots larger than urban or suburban lots. Certain agricultural and farming uses are typically allowed. In addition, large scale economic development projects may be allowed subject to required land use approvals as approved by the Board of Supervisors.

COMMERCIAL USES

UTILITY-SCALE SOLAR FACILITIES

A relatively new land use to Greenville County is the emergence of utility-scale solar facilities. These facilities can be an industrial-scale land use that may occupy significant acreage. As used in this Comprehensive Plan, a utility-scale solar facility is a facility that generates electricity from sunlight which will be used to provide electricity to a utility provider or a large private user with a generating capacity in excess of one megawatt (1 MW). Greenville's abundant agricultural and forest land combined with its electrical infrastructure and transportation system appear to be attractive to the solar industry. These facilities are an industrial scale land use that occupy significant acreage. Many utility-scale solar facilities are located on agricultural or forested land that may have had other future land use potential or land use designations.

The County will consider solar facilities on districts zoned agricultural, industrial, or commercial (based on project size) with preference for brownfields. The following site

features should be addressed to mitigate the potential negative impacts of utility-scale solar facilities on County land use patterns as part of the evaluation of a Special Use Permit (SUP) application:

- 1) The total size shall be larger than two (2) acres and less than 1,000 acres with no more than 75% PV panel coverage;
- 2) Located outside growth areas;
- 3) Further than one (1) mile from any village, town, city boundary;
- 4) Further than one and a half (1.5) miles from other existing or permitted solar facilities;
- 5) Within one (1) mile of electric transmission lines; and
- 6) Distance from residences; historic, cultural, recreational, or environmentally-sensitive areas; and scenic viewsheds.

ZONING ORDINANCE PROVISIONS

In September 2019, the County Board of Supervisors amended the Zoning Ordinance (Articles 4, 12, 23, and 24) to permit solar energy facilities (projects) by special use permit (Conditional Planned Use Development) in the A-1 zoning district.

As set forth in the Zoning Ordinance:

A conditional planned use development provides for the planning commission to recommend, and the board of supervisors to authorize, specific uses not permitted within a specific zoning district, provided that the board of supervisors considers the following in making their determination:

- (a) That the uses permitted by such exception are necessary or desirable and are appropriate with respect to the primary purpose of the development.
- (b) That the uses permitted by such exception are not of such a nature or located so as to exercise a detrimental influence on the surrounding neighborhood.
- (c) If a use is not specifically enumerated in the zoning ordinance by-right, special exception, or special use in any district, then the planning commission may recommend and the board of supervisors may authorize such use. Nothing contained in this section shall be construed to permit the approval of any use specifically prohibited.

STAFF ANALYSIS

This proposed solar project is located on seven (7) parcels, two (2) containing solar panels, associated substation and equipment and five (5) containing the gen-tie line. All the parcels are zoned A-1 and designated as Rural Residential on the future land use map. Adequate setbacks and buffer plantings are necessary to mitigate impacts to the rural character and neighboring land use.

In the application materials dated March 2020 (Attachment A), the applicant states the project was designed to minimize impacts on surrounding properties and the neighborhood; avoid, minimize, and mitigate impacts to cultural resources, wetlands, and streams; and preserve the natural environment. The application includes a draft decommissioning plan that is intended to return the land to agrarian use and does not offset decommissioning cost with resale or salvage values.

The applicant has identified four (4) wildlife corridors, a vegetative buffer of 150 feet along the eastern boundary of the project site (exceeding the 100 feet metric), maintaining the existing tree buffer where

possible (approximately 83% of the perimeter), and planting a vegetative buffer for the remainder of the perimeter. Mitigation of the visual impacts of the gen-tie line include:

- Timber preservation along the route (currently 65% has existing tree coverage)
- Installing the gen-tie line underground at the crossing of Pine Log Road
- Siting the switchyard approximately 1,700 feet east of Pine Log Road

Historic/Cultural resource surveys were conducted for the project and identified multiple resources. One cultural area is eligible for listing. The applicant proposes complete avoidance of the identified cultural area and sensitive construction techniques in the vicinity. This plan was provided to the Department of Historic Resources (DHR) who then provided a letter dated April 5, 2019 stating that the buffer and avoidance plans, if fully implemented, will prevent significant impact to the resources.

The Conditional Use Planned Development considerations cited above are addressed more thoroughly below.

- (a) That the uses permitted by such exception are necessary or desirable and are appropriate with respect to the primary purpose of the development.**

Local production of renewable energy is identified in the Greenville Comprehensive Plan as a planning issue and Solar Energy Projects greater than 1 MW_{AC} in agricultural zoned districts may be acceptable. The Planning Commission must determine if the Solar Facility (the primary purpose of the development) is appropriate in the proposed location.

- (b) That the uses permitted by such exception are not of such a nature or located so as to exercise a detrimental influence on the surrounding neighborhood.**

Solar energy facilities may be compatible with neighboring agricultural and rural uses if they are not located in proximity to, or within sight of, scenic routes or historic or recreational resources, and if they are appropriately screened from public rights-of-way and adjacent properties. Meeting and exceeding zoning district setbacks at the project boundary and natural and additional screening will help to ensure that the surrounding area is buffered from the Project.

- (c) If a use is not specifically enumerated in the zoning ordinance by-right, special exception, or special use in any district, then the planning commission may recommend and the board of supervisors may authorize such use. Nothing contained in this section shall be construed to permit the approval of any use specifically prohibited.**

Not applicable. The Zoning Ordinance permits a Solar Energy Project greater than 1 MW_{AC} as a Special Use through a Conditional Use Planned Development approval in Agricultural zoned districts.

Section 4-4 of the Zoning Ordinance outlines the general conditions that apply to all special uses as listed below.

- (a) The use shall be designed or arranged on the land in such a way as to cause no more adverse impact on the adjacent property, and/or the neighborhood than might be caused by the least restrictive use otherwise permitted by right in the district.**

Adequate project setbacks, buffers, and screening are critical to ensuring this criterion is met.

- (b) The use shall comply with all licensing requirements, if any, of any County, State or Federal government or agency.**

The proposed conditions ensure compliance with all County, state, and federal governmental licensing requirements applicable to the Project.

- (c) The use shall not be operated as to cause a nuisance to the neighborhood in which it is located.**

Adequate project setbacks, buffers, and screening are critical to ensuring this criteria is met.

- (d) In granting a special use, the Board of Supervisors shall consider the public convenience, necessity and general welfare and its action shall also be consistent with good zoning practices.**

The Planning Commission must determine if the Solar Facility will maintain the public welfare and be consistent with upholding good zoning practices if it meets or exceeds the requirements of the Zoning Ordinance applicable to Solar Projects in the A-1 Zoning District.

Zoning Ordinance, Article 16, states that a special use permit (SUP) shall not be issued unless the Board of Supervisors finds that the proposed use (1) would not be detrimental to the community and (2) is in conformity with the Comprehensive Plan and Policies.

1. Project Would Not Be Detrimental to the Community

As required by the Greenville County SUP application, the following considerations should be adequately addressed for the proposed Project: traffic, noise, lighting, dust, fumes, vibrations, operational details, hours of operation, number of employees, type of equipment, and signage.

All of the above considerations are addressed in some manner in the Application (Attachment A). The Planning Commission must determine if the proposed conditions will ensure that the Applicant/Owner will adequately address these project details so that the Solar Facility will not constitute a detriment to the community during the proposed commercial operation duration (approximately 40 years) of the Project.

2. Project is in Conformity with Comprehensive Plan and Policies

Fountain Creek Solar, LLC submitted a 15.2-2232 Review application for the proposed Project in January 2020. The 15.2-2232 staff report included a review of the County's Comprehensive Plan goals and objectives, and the Planning Commission determined the proposed Project is substantially in accord with the County's Comprehensive Plan.

Primary Issues

As part of the 2232 review process, staff identified a few issues that should be addressed in the SUP – setbacks, buffer plantings, historic resources, gen-tie line, and decommissioning plan.

Setbacks – The applicant proposed a 150-foot setback from northern, southern and western external parcel boundaries and a 200-foot setback from eastern external parcel boundaries (as described on page 13 of Attachment A and shown in Preliminary Site Plan).

Staff recommends approving setbacks as proposed.

Buffer plantings – The applicant proposes a vegetative buffer 100-foot wide in the 150-foot setbacks and 150-foot wide in the 200-foot setbacks on the eastern boundary. The majority of setbacks already have the 100-foot buffer with existing trees. In the areas that require additional plantings (depicted on the Preliminary Site Plan), the applicant has provided a landscape plan that includes a row of Red Oak with groupings of Wax Myrtle followed by a row of American Holly to provide screening in the first 25 feet. The following 75 feet will consist of staggered rows of Loblolly Pine.

Staff recommends approving buffer plantings as proposed.

Wildlife corridors – The applicant indicated four (4) wildlife corridors on the site plan. These appear to be natural locations for corridors following streams and wetlands.

Staff recommends approving wildlife corridors as proposed.

Historic Resources – The applicant has provided a Resource Inventory and Impact Statement in this application and previously supplied a letter by Department of Historic Resources (DHR). The DHR letter accepts the mitigation measures as sufficient to prevent significant impact to the identified resources.

Staff recommends approving the mitigation measures as proposed.

Decommissioning Plan – A decommissioning plan was provided. The plan states that all materials, equipment, and waste will be fully removed and a security will be provided as requested by the County. The plan also states that the project site will be returned to a seeded vegetation mix determined in consultation with the landowners.

Staff recommends approving the decommissioning plan as proposed.

Conditions

If the Planning Commission determines that the application furthers the Comprehensive Plan's goals and objectives and that it meets the criteria set forth in the Zoning Ordinance, then staff recommends the following conditions to mitigate the adverse effects of this utility-scale solar generation facility with any recommendation for approval.

1. The Applicant will develop the Project Site in substantial accord with the Conceptual Site Plan dated March 5, 2020 included with the Application (Attachment A, Exhibit B) as determined by the Zoning Administrator. Significant deviations or additions including any enclosed building structures to the Preliminary Site Plan will require review and approval by the Planning Commission and Board of Supervisors.

As used in these conditions, the "Project" shall include the "Solar Facilities", the "Gentle Line", the "Substation" and the "Switchyard", as herein after defined. The "Solar Facilities" shall mean the area(s) shown on the Conceptual Site Plan containing racking, panels, and inverters and project substation located within the perimeter fencing, and including all fencing. The "Gentle Line" shall mean that portion of the transmission line constructed to connect the Solar Facilities to the Switchyard. The "Switchyard" means facilities constructed to interconnect the Transmission Line to the existing Dominion transmission line, as shown on the Conceptual Site Plan. "Substation" means the facilities constructed to provide the main power transformer and associated equipment. The Solar Facilities and the Switchyard shall constitute separate principal uses approved pursuant to this special use permit and shall be permitted to continue in perpetuity, separate and apart from each other, such that a zoning violation occurring with respect to the operation of one of the uses shall not constitute a violation with respect to the operation of the other use, and no proceeding to revoke this permit as to one of the uses (nor any resulting revocation) shall impair the validation of this permit with respect to the other use. This permit shall run with the land.

2. Site Plan Requirements. In addition to all Virginia site plan requirements and site plan requirements of the Zoning Administrator, the Applicant shall provide the following plans for review and approval for the Project prior to the issuance of a building permit:
 - a. *Construction Management Plan.* The Applicant shall prepare a "Construction Management Plan" for each applicable site plan for the Project, and each plan shall address the following:
 - i. Traffic control methods (in coordination with the Virginia Department of Transportation [VDOT] prior to initiation of construction): i. Lane closures, ii. Signage, and iii. Flagging procedures.
 - ii. Site access planning. Directing employee and delivery traffic to minimize conflicts with local traffic.
 - iii. Site security. The Applicant shall implement security measures prior to the commencement of construction of Solar Facilities on the Project Site.
 - iv. Lighting. During construction of the Project, any temporary construction lighting shall be positioned downward, inward, and shielded to eliminate glare from all adjacent properties. Emergency and/or safety lighting shall be exempt from this construction lighting condition.

- b. *Construction Mitigation Plan.* The Applicant shall prepare a "Construction Mitigation Plan" for each applicable site plan for the Project, and each plan shall address the effective mitigation of cultural resources as agreed by the Virginia Department of Historic Resources and dust, burning operations, hours of construction activity, access and road improvements, and handling of general construction complaints as set forth and described in the application materials and to the satisfaction of the Zoning Administrator.
- c. *Grading plan.* The Project shall be constructed in compliance with the County approved grading plan as determined and approved by the Zoning Administrator or his designee prior to the commencement of any construction activities and a bond or other security will be posted for the grading operations. The grading plan shall:
 - i. Clearly show existing and proposed contours;
 - ii. Note the locations and amount of topsoil to be removed (if any) and the percent of the site to be graded;
 - iii. Limit grading to the greatest extent practicable by avoiding steep slopes and laying out arrays parallel to landforms;
 - iv. An earthwork balance will be achieved on-site with no import or export of soil;
 - v. In areas proposed to be permanent access roads which will receive gravel or in any areas where more than a few inches of cut are required, topsoil will first be stripped and stockpiled on-site to be used to increase the fertility of areas intended to be seeded;
 - vi. Take advantage of natural flow patterns in drainage design and keep the amount of impervious surface as low as possible to reduce storm water storage needs.
- d. *Erosion and Sediment Control Plan.* The County will have a third-party review with corrections completed prior to County review and approval. The owner or operator shall construct, maintain and operate the project in compliance with the approved plan. An E&S bond (or other security) will be posted for the construction portion of the project.
- e. *Stormwater Management Plan.* The County will have a third-party review with corrections completed prior to County review and approval. The owner or operator shall construct, maintain and operate the project in compliance with the approved plan. A storm water control bond (or other security) will be posted for the project for both construction and post construction as applicable and determined by the Zoning Administrator.
- f. *Project Screening and Vegetation Plan.* The Proposed Landscaping Plan, dated December 2019, is provided with this application. The final plan will address the conditions below in item 4.b and maintenance of the vegetation. The owner or operator shall construct, maintain and operate the facility in compliance with the approved plan. A separate security shall be posted for the ongoing maintenance of the project's vegetative buffers in an amount deemed sufficient by the Zoning Administrator.

- g. The Applicant shall reimburse the County its costs in obtaining an independent third-party review of any site plans or construction plans or part thereof.
- h. The design, installation, maintenance and repair of the Project in accordance with the most current National Electrical Code (NFPA 70) available (2014 version or later as applicable).

3. Operations.

- a. *Permanent Security Fencing.* The Applicant shall install permanent security fencing, consisting of chain link, two-inch square mesh, at least six (6) feet in height, surmounted by three strands of barbed wire, around the Solar Facilities and Switchyard prior to the commencement of operations of the Solar Facilities. Failure to maintain the fence in a good and functional condition will result in revocation of the permit.
- b. *Lighting.* Any on-site lighting provided for the operational phase of the Solar Facilities shall be dark-sky compliant, shielded away from adjacent properties, and positioned downward to minimize light spillage onto adjacent properties.
- c. *Noise.* Daytime noise will be under 67dBA during the day with no noise emissions at night.
- d. *Ingress/Egress.* Permanent access roads and parking areas will be stabilized with gravel, asphalt or concrete to minimize dust and impacts to adjacent properties.

4. Buffers.

a. *Setbacks.*

- i. "Principal Solar Facility Structure" shall include racking, panels, inverters, and security fencing on the Solar Facilities Site, but shall not include roads or transmission poles.
- ii. A minimum 150-foot setback shall be maintained from a Principal Solar Facility Structure to the street line (edge of right-of-way) where the Property abuts any public rights-of-way.
- iii. A minimum 150-foot setback shall be maintained from a Principal Solar Facility Structure to the adjoining property line on the north, south and west sides of the project.
- iv. A minimum 200-foot setback shall be maintained from a Principal Solar Facility Structure to the adjoining property line on the east side of the project.
- v. There shall be no setbacks at boundaries between project parcels.
- vi. A minimum 35-foot setback shall be maintained from fencing and equipment in the Switchyard to any adjoining property line which is a perimeter boundary line for the parcel to be subdivided for Switchyard use, but transmission poles shall be permitted in the setback(s).
- vii. Notwithstanding the foregoing, no setback(s) shall apply to the Transmission Line.

b. *Screening.*

- i. Existing vegetation provides a buffer 100-foot wide in the 150-foot setbacks and 150-foot wide in the 200-foot setbacks.

- ii. Where existing vegetation does not provide adequate buffer in the setback, a single row of 10 to 12-foot tall deciduous trees with groupings of 36-inch evergreen shrubs and a single row of 8-foot tall evergreen trees shall be planted in the remainder of the vegetative buffer, staggered rows of evergreen tree plugs shall be planted according to the Proposed Landscaping Plan dated December 2019, provided with this application.
 - c. Ancillary project facilities may be included in the buffer as described in the application where such facilities do not interfere with the effectiveness of the buffer as determined by the Zoning Administrator.
 - d. *Wildlife corridors.* The Applicant shall provide four (4) access corridors for wildlife to navigate through the Project Site. The proposed wildlife corridors shall be shown on the site plan submitted to the County. Areas between fencing shall be kept open to allow for the movement of migratory animals and other wildlife.
5. Traffic.
- a. The applicant shall comply with all Virginia Department of Transportation recommendations for traffic management during construction and decommissioning of the Solar Facility.
 - b. The roads shall be maintained in a safe operating condition during the construction phase and be brought back to the original condition, or improved, upon completion of the construction and decommissioning phases.
6. Height of Structures. Principal Solar Facility Structures shall not exceed 15' maximum (with a 10' maximum drip edge). Towers constructed for electrical lines and meteorological stations may exceed the maximum permitted height as provided in the A-1 zoning district regulations (§16-2), provided that no structure (excluding the Gentie Line or components within the project substation or switchyard) shall exceed the height of 25 feet above ground level.
7. Inspections. The Applicant will allow designated County representatives or employees access to the facility at any time for inspection purposes as set forth in their application.
8. Training. The Applicant shall arrange a training session with the Greenville Fire Department to familiarize personnel with issues unique to a solar facility before operations begin.
9. Compliance. The Project shall comply with all applicable local, state and federal permitting. The Project shall be designed, constructed, and tested to meet relevant local, state, and federal standards and requirements as applicable.
10. Decommissioning.
- a. *Decommissioning Plan.* The Applicant shall submit a decommissioning plan to the County for approval in conjunction with the building permit. The purpose of the decommissioning plan is to specify the procedure by which the Applicant or its successor would remove the Solar Facilities after the end of its useful life and to restore the property for agricultural uses.
 - b. *Decommissioning Cost Estimate.* The decommissioning plan shall include a decommissioning cost estimate prepared by a Virginia licensed professional engineer unless the Applicant is not required to provide a security or the County approves an alternative security arrangement (subsection c. (iv) and (v) below).

- i. The cost estimate shall provide the gross estimated cost to decommission the Solar Facilities in accordance with the decommissioning plan and these conditions. The decommissioning cost estimate shall not include any estimates or offsets for the resale or salvage values of the Solar Facilities equipment and materials.
- ii. The Applicant, or its successor, shall reimburse the County for an independent review and analysis by a licensed engineer of the initial decommissioning cost estimate.
- iii. The Applicant, or its successor, will update the decommissioning cost estimate every five (5) years and reimburse the County for an independent review and analysis by a licensed engineer of each decommissioning cost estimate revision.

c. *Security.*

- i. Prior to the County's approval of the building permit, the Applicant shall provide decommissioning security in the form of a Letter of Credit for Full Decommissioning Cost. A letter of credit issued by a financial institution that has (i) a credit Rating from one or both of S&P and Moody's, of at least "A" from S&P or "A2" from Moody's and (ii) a capital surplus of at least \$10,000,000,000; or (iii) other credit rating and capitalization reasonably acceptable to the County, in the full amount of the decommissioning estimate; or
- ii. Upon the receipt of the first revised decommissioning cost estimate (following the 5th anniversary), any increase or decrease in the decommissioning security shall be funded by the Applicant, or refunded to Applicant (if permissible by the form of security), within ninety (90) days and will be similarly trued up for every subsequent five year updated decommissioning cost estimate.
- iii. The security must be received prior to the approval of the building permit and must stay in force for the duration of the life span of the Solar Facilities and until all decommissioning is completed. If the County receives notice or reasonably believes that any form of security has been revoked or the County receives notice that any security may be revoked, the County may revoke the special use permit and shall be entitled to take all action to obtain the rights to the form of security.
- iv. Notwithstanding the foregoing, if a public utility company that is operating in the Commonwealth of Virginia and has an investment grade credit rating with Moody's and/or Standard and Poor's enters into an agreement to acquire and/or lease the Project Site prior to or contemporaneously with the start of construction of the Project, no security shall be required to be issued for so long as the utility company owns the project and its credit rating remains at or above investment grade.
- v. Notwithstanding the foregoing requirements in subsections (i)-(iii) above, an alternative security arrangement may be accepted by the County so long as it is a form acceptable to the County Attorney.

- d. *Applicant/Property Owner Obligation.* Within six (6) months after the cessation of use of the Solar Facilities for electrical power generation or transmission, the Applicant or its successor, at its sole cost and expense, shall commence decommissioning of the Solar Facilities in accordance with the decommissioning plan approved by the County. If the Applicant or its successor fails to timely decommission the Solar Facilities, the property owners shall commence decommissioning activities in accordance with the decommissioning plan. Following the completion of decommissioning of the entire Solar Facilities arising out of a default by the Applicant or its successor, any remaining security funds held by the County shall be distributed to the property owners in a proportion of the security funds and the property owner's acreage ownership of the Solar Facility.
- e. *Applicant/Property Owner Default; Decommissioning by the County.*
- i. If the Applicant, its successor, or the property owners fail to timely decommission the Solar Facilities, the County shall have the right, but not the obligation, to commence decommissioning activities and shall have access to the property, access to the full amount of the decommissioning security, and the rights to the Solar Facilities equipment and materials on the property.
 - ii. If applicable, any excess decommissioning security funds shall be returned to the current owner of the property after the County has completed the decommissioning activities.
 - iii. Prior to the issuance of any permits, the Applicant and the property owners shall deliver a legal instrument to the County granting the County (1) the right to access the property, and (2) an interest in the Solar Facilities equipment and materials to complete the decommissioning upon the Applicant's and property owner's default. Such instrument(s) shall bind the Applicant and property owners and their successors, heirs, and assigns. Nothing herein shall limit other rights or remedies that may be available to the County to enforce the obligations of the Applicant, including under the County's zoning powers.
- f. *Equipment/building removal.* All physical improvements, materials, and equipment related to Solar Facilities, both surface and subsurface components, shall be removed in their entirety. The soil grade will also be restored following disturbance caused in the removal process. Perimeter fencing will be removed and recycled or re-used. The exception to removal of the materials and equipment would include the Switchyard and other areas upon written request from the current or future landowner indicating areas where removal is not desired.
- g. *Infrastructure removal.* All access roads will be removed, including any geotextile material beneath the roads and granular material. The exception to removal of the access roads and associated culverts or their related material would be upon written request from the current or future landowner to leave all or a portion of these facilities in place for use by that landowner. Access roads will be removed within areas that were previously used for agricultural purposes and topsoil will be redistributed to provide substantially similar growing media as was present within the areas prior to site disturbance.

- h. *Reforestation.* The site will be replanted with pine seedlings to stimulate pre-timber pre-development conditions. The exception to reforestation would be upon written request from the current or future landowner indicating areas where reforestation is not desired.
 - i. *Partial Decommissioning.* If decommissioning is triggered for a portion of the Solar Facilities, then the Applicant or its successor will commence and complete decommissioning, in accordance with the decommissioning plan, for the applicable portion of the Solar Facilities; the remaining portion of the Solar Facilities would continue to be subject to the decommissioning plan. Any reference to decommissioning the Solar Facilities shall include the obligation to decommission all or a portion of the Solar Facilities whichever is applicable with respect to a particular situation.
11. Power Purchase Agreement. At the time of the Applicant's site plan submission, the Applicant shall have executed a power purchase agreement with a third-party providing for the sale of a minimum of eighty percent (80%) of the Solar Facility's anticipated generation capacity for not less than ten (10) years from commencement of operation, or an agreement for purchase of the project by an electric utility or electric cooperative operating in the Commonwealth of Virginia. Upon the County's request, the Applicant shall provide the County and legal counsel with a redacted version of the executed power purchase agreement.
12. The owner and operator shall give the County written notice of any change in ownership, operator, or Power Purchase Agreement within thirty (30) days.
13. If the solar facility does not receive a building permit within thirty-six (36) months of approval of the Supplemental Use Permit, the Permit shall be terminated.
14. If the solar facility is declared out of compliance with any local, state, or federal codes, or any of the Special Use Permit conditions by the zoning administrator or the building official, the facility must be brought into compliance within fourteen (14) days or the Special Use Permit shall be terminated through Board of Supervisor approval, and the Solar Facilities shall be decommissioned."

PLANNING COMMISSION RECOMMENDATION

Recommend approval of the application with the amended conditions (motion made by Kim Wiley; seconded by H. Stephen Allen)

I move that the Fountain Creek Solar, LLC's proposed 80-megawatt photovoltaic Fountain Creek Solar Project as described in SP-5-20, sufficiently mitigates adverse impacts associated with the project if approved with the amended conditions as outlined herein and recommended by the Planning Commission.

Motion passed 6-1.

BOARD OF SUPERVISORS ACTION

The Board has three options:

- a. Recommend approval of the application with written reasons for its decision.
- b. Recommend denial the application with written reasons for its decision.
- c. Defer the application for further discussion and consideration.

Draft Board Actions

Option 1 – Recommend approval of the application with the stated (or amended) conditions

I move that the Fountain Creek Solar, LLC's proposed 80-megawatt photovoltaic Fountain Creek Solar Project as described in SP-5-20, sufficiently mitigates adverse impacts associated with the project if approved with the conditions as outlined herein and recommended by the Planning Commission.

Option 2 – Recommend denial of the application

I move that the Fountain Creek Solar, LLC's proposed 80-megawatt photovoltaic Fountain Creek Solar Project as described in SP-5-20, does not sufficiently mitigate the adverse impacts associated with the project and should therefore be recommended for denial. Among other concerns, the Board of Supervisors finds that,

1. The proposed solar energy facility does not preserve the rural character of the County.
2. The use is of such a nature or located so as to exercise a detrimental influence on the surrounding neighborhood.
3. The proposed solar energy facility does not incorporate sufficient buffers to address the impacts on adjacent areas.
4. The Zoning Ordinance indicates that solar energy facilities may be acceptable if not detrimental to surrounding areas and the proposed facility is 600 feet from an approved utility-scale solar facility and therefore the combined sites concentrate a utility-scale use in an existing residential and agricultural use area.

Option 3 – Deferral of the application

I move that the Board of Supervisors defer a decision on Fountain Creek Solar, LLC's proposed 80-megawatt photovoltaic Fountain Creek Solar Project as described in SP-5-20, until the Board of Supervisors meeting scheduled to begin at _____ p.m. on _____, in the Board of Supervisors meeting room.

Subject: Planning Commission Public Hearing
Attachments: PHspeakers.PCprotocol.doc

Brenda & Lin –

My thoughts about this evening's Planning Commission meeting:

1. The Chair should review the public comment protocol before the public hearing begins.
2. The public hearing protocol is attached and it would be best if the Chair read the protocol rather than summarizing it.
3. The Chair should emphasize that no speaker can transfer his three minutes to another speaker. Each speaker is allotted no more than three minutes.
4. The Planning Commission should be reminded that it is not required to make its recommendation this evening.
 - a. The Planning Commission can make its recommendation this evening if it wishes.
 - b. The Planning Commission may want to make its recommendation this evening to avoid another meeting.
 - c. If new conditions are developed this evening it may be best if the Planning Commission postpones action until staff can prepare a written recommendation from the Planning Commission which incorporates the decisions made this evening (or at a subsequent meeting).
5. If the Planning Commission makes a recommendation this evening its written recommendation should be forwarded to the Board as quickly as possible.
6. If the Planning Commission makes a recommendation this evening the Board will proceed with its public hearing on July 20 as scheduled, but the Board does not have to take action on the application after that public hearing. The Board has an absolute right to defer action until a later meeting. That decision lies within the discretion of the Board.

If anyone challenges the protocol on the grounds that it has not been previously adopted by the Planning Commission, the Planning Commission can simply adopt the protocol prior to the public hearing.

Lin, you need to be the timekeeper at this evening's public hearing who advises each speaker when two minutes have elapsed, and who advises each speaker when three minutes have elapsed.

Russell

GREENSVILLE COUNTY PLANNING COMMISSION
PROTOCOL FOR SPEAKERS AT PUBLIC HEARINGS

The Planning Commission has developed a protocol to ensure that public hearings are productive and efficient, and that proper decorum is maintained. The Planning Commission wants to emphasize that this protocol is intended to make the public hearings as productive as possible.

The public hearing protocol is as follows:

1. Each speaker will be given three minutes to address the Planning Commission. The time limit will be strictly enforced.
2. Each speaker will be signaled when two of the three minutes have elapsed.
3. Each speaker will be signaled when his/her three minutes have elapsed.
4. Each speaker will be permitted to address the Planning Commission only once; i.e., the three-minute opportunity to speak cannot be transferred from one speaker to another.
5. Speakers should face the Planning Commission and address their comments to the Planning Commission, and not to others who are present at the meeting. Speakers should not turn to face and address members of the audience.
6. The Planning Commission is conducting the public hearing to receive comments from interested parties. Neither the Planning Commission nor its staff will respond to questions during the public hearing, and neither the Planning Commission nor its staff will engage in a dialogue with speakers.
7. If the public hearing concerns Zoning Ordinance or Comprehensive Plan matters, the Planning Commission's decisions will be based on land use principles, so speakers are encouraged to make comments relevant to land use issues.
8. The Planning Commission asks that everyone at the public hearing be respectful to the others who are present.

**Supplement to Staff Report
Fountain Creek Solar Project
Special Use Permit SP-5-20
Greensville County, Virginia**

Date: July 14, 2020

APPLICATION UPDATE

Dominion Energy has expressed interest in the Fountain Creek Solar Project. They have reviewed the proposed conditions and provided several comments and suggested changes. The applicant forwarded these comments and changes to the County for review on July 7, 2020. Below are the applicant comments and requested changes along with staff response. Proposed additions to conditions are shown in bold and deletions are stricken through.

Applicant: requests additions and deletions to condition 1:

1. The Applicant will develop the Project Site in substantial accord with the Conceptual Site Plan dated March 5, 2020 included with the Application (Attachment A, Exhibit B) as determined by the Zoning Administrator. Significant deviations or additions including any enclosed building structures to the Preliminary Site Plan will require review and approval by the Planning Commission and Board of Supervisors.

As used in these conditions, the "Project" shall include the "Solar Facilities", the "Gentle Line", **the "Substation"** and the "Switchyard", as herein after defined. The "Solar Facilities" shall mean the area(s) shown on the Conceptual Site Plan containing racking, panels, and inverters and project substation located within the perimeter fencing, and including all fencing. The "Gentle Line" shall mean that portion of the transmission line constructed to connect the Solar Facilities to the Switchyard. The "Switchyard" means **facilities** ~~the substation to be~~ constructed to interconnect the Transmission Line to the existing Dominion transmission line, as shown on the Conceptual Site Plan. **"Substation" means the facilities constructed to provide the main power transformer and associated equipment.** The Solar Facilities and the Switchyard shall constitute separate principal uses approved pursuant to this special use permit and shall be permitted to continue in perpetuity, separate and apart from each other, such that a zoning violation occurring with respect to the operation of one of the uses shall not constitute a violation with respect to the operation of the other use, and no proceeding to revoke this permit as to one of the uses (nor any resulting revocation) shall impair the validation of this permit with respect to the other use. This permit shall run with the land.

Staff response: the proposed additions and deletions are acceptable.

Applicant: comments that the Switchyard fence is 7 feet plus 1 foot of 3 strands of barbed wire.

Staff response: recommend revising 3.a. as follows:

3. Operations.

- a. *Permanent Security Fencing.* The Applicant shall install permanent security fencing, consisting of chain link, two-inch square mesh, **at least** six (6) feet in height, surmounted by three strands of barbed wire, around the Solar Facilities and Switchyard prior to the commencement of operations of the Solar Facilities. Failure to maintain the fence in a good and functional condition will result in revocation of the permit.

Applicant: requests that the Switchyard be exempt from condition 10. f. because it will remain beyond the project life and be owned by the transmission owner.

Staff response: recommend revising as follows:

10. Decommissioning.

- f. *Equipment/building removal.* All physical improvements, materials, and equipment related to Solar Facilities, both surface and subsurface components, shall be removed in their entirety. The soil grade will also be restored following disturbance caused in the removal process. Perimeter fencing will be removed and recycled or re-used. The exception to removal of the materials and equipment would **include the Switchyard and other areas** be upon written request from the current or future landowner indicating areas where removal is not desired.

Applicant: requests to delete condition 14 as it should be based on some violation of a codes/standard that can be cited as a safety issue. As written it vests too much power in a zoning administrator.

Staff response: recommend revising as follows:

14. If the solar facility is declared to be ~~unsafe~~ **out of compliance with any local, state, or federal codes, or any of the Special Use Permit conditions** by the zoning administrator or the building official, the facility must be **brought into compliance** within fourteen (14) days or the Special Use Permit shall be terminated **through Board of Supervisor approval**, and **the Solar Facilities shall be decommissioned** ~~removed from the property.~~

July 10, 2020

Mr. Linwood Pope

PLANNING DIRECTOR

Greensville County

1781 Greensville County Circle

Emporia, Virginia 23847-0631

Re. SP-%-20 Fountain Creek Solar, LLC

Dear Mr. Pope:

Thank you for the notice of the hearing which is scheduled for July 14, 2020, at 6:00 pm. Unfortunately I have to be in Duke Medical Center on that date as a result of a major surgery on my right foot.

None the less I wish the board to know that my grand-father EDWARD WARREN POWELL, purchased in 1908, for cash 63 acres of land on the eastern side of what is now designated as FISH ROAD. A separate parcel with duplicating numbers of acreage was purchased on the Western side of the Fish Road at a similar period of time. Both parcels remain in the names of the designated family members, without mortgages except for a one acers parcel on the Western in the name of the Adams family member.

I received my share to the 63 acres on or about 1985 from Bravit Haywood, the oldest female daughter by a Deed of Gift. That parcel has

remained in my name throughout until the current date. Subject to some small sums of delinquent real estate taxes.

My objection to this project is to the invasion of my property without adequate compensation. While I have discussed the project with Mr. Stoner, he has not seen fit to offer me any compensation. His diagram of the impact of the project would have a detrimental impact on the southern portion of my property.

I have known about the land being sold cut timber three times without any claim by anyone else. The latest was as 2010.

I call these facts to the Board's attention since this project which will impact the Southern portion of the Creek of land significantly. The family of the "PAIRS" make a broad claim to that portion by way of an illegal survey that was performed about 1950-1960. At no time did anyone legally attempt to notify any family members of Powells.

I think the burden of proof would be on the "PAIRS ESTATE" to prove ownership.

All these records are in the Clerk's Office of Geensville County.

If you need further information I would be delighted to appear and submit to more thorough examination.

Please share this with the Board members.

Thank you..

Yours truly,

S. De Lacy Stith

Sec. 19-9. Cost assessed for courtroom security.

There is hereby assessed a fee of twenty dollars (\$20.00) as part of the costs in each criminal or traffic case in its district or circuit court in which the defendant is convicted with a violation of any statute or ordinance. The assessment shall be collected by the clerk of the court in which the case is heard and remitted to the treasurer and held by the treasurer, subject to appropriation by the board of supervisors, to the sheriff's office, for funding of courthouse security personnel, and if requested by the sheriff, equipment and other personal property used in connection with courthouse security. Effective as of August 1, 2020.

(Amd. of 6-17-02; Amd. of 2-21-06; Amd. of 6-4-07; Amd. of 7-6-2020)

GREENSVILLE COUNTY
DELINQUENT LOCAL LEVIES ON REAL ESTATE AND PERSONAL PROPER

ATTACHMENT P

The following is a list of all delinquent levies on Real Estate and Personal Property for the year 2019, remaining unpaid with penalty, interest and administrative fees through June 30, 2020.

This publication is made by direction of the Board of Supervisors of Greenville County in accordance with provisions of Section 58.1-3924 of the Code of Virginia (Revised 1950).

COUNTY OF GREENSVILLE
BUILDING AND PLANNING DEPARTMENT

TO: The Honorable Board of Supervisors

FROM: Lin Pope, Director of Planning

RE: RFP results for landfill dozer

DATE: July 9, 2020

County staff issued a Request for Proposals for a five year lease on a new Caterpillar D6 Tract Type Dozer or equivalent for the Greenville County Landfill. On Wednesday July 8 at 3:00 p.m. staff received RFP's from two vendors. The RFP results are as follows:

James River Equipment Company

- One (1) new John Deere 850L Waste Handler Crawler Dozer LGP
 - 60 month/7500 hour powertrain plus hydraulic warranty
 - 60 month/7500 hour Preventive Maintenance Warranty
 - **\$404,507**

Carter Machinery Company Inc.

- One (1) caterpillar D6 Track Type Dozer
 - 60 month/7500 hour powertrain plus hydraulic warranty
 - 60 month/7500 hour Preventive Maintenance Warranty
 - **\$491,148**

Staff recommends procuring the 2020 John Deere 850L Waste Handler Crawler Dozer LGP

- Staff determined that the John Deere 850L Dozer is equivalent to the Caterpillar D6 that was specified in the RFP.
- The warranty and Preventative Maintenance Plan submitted by James River Equipment Company was equivalent to the warranty and Preventative Maintenance Plan for the specified Caterpillar D6 dozer.

Staff requests that the Board approve the RFP submitted by James River Equipment Company for a 2020 John Deere 850L Waste Handler Crawler Dozer LGP

LEP/lep

RESOLUTION #21-11
PROCUREMENT OF CATERPILLAR D6 TRACK TYPE LANDFILL DOZER OR
EQUIVALENT FOR THE GREENSVILLE COUNTY LANDFILL

WHEREAS, the Greenville County Board of Supervisors at their June 1, 2020 meeting authorized County staff to begin the RFP process for the procurement of a new Caterpillar D6 Track Type Landfill Dozer or equivalent; and

WHEREAS the existing landfill dozer was out of service and the landfill was having to rent a dozer until a new one could be procured; and

WHEREAS, on July 2, 2020, Carter Machinery Company, Inc. submitted a proposal for a new 2020 caterpillar D6 Track Type Dozer; and

WHEREAS, on July 7, 2020, James River Equipment submitted a proposal for a new 2020 John Deere 850L Waste Handler Crawler Dozer LGP; and

WHEREAS, after reviewing and evaluating all proposals submitted in response to the RFP, Greenville County Staff has determined that the contract should be awarded to James River Equipment Company for the lease of a new landfill dozer.

IT IS HEREBY RESOLVED by the Greenville County Board of Supervisors as follows:

1. The Board hereby awards the contract to James River Equipment for a new 2020 John Deere 850L Waste Handler Crawler Dozer LGP; and
2. Adoption of this Resolution constitutes publication of the Board's award of said contract; and
3. The Board authorizes the preparation of a notice of its award to James River equipment, and further directs that the notice be emailed and sent via first class U.S. Mail to all unsuccessful companies which submitted a proposal in response to the RFP; and
4. That the County Administrator is hereby authorized to execute the lease agreement after its approval by the County Attorney.

Adopted this 20th day of July, 2020

VOTING AYE

VOTING NAY

ABSENT/ABSTAIN

The undersigned hereby certifies that the foregoing is an accurate account of the vote taken at a duly convened meeting of the Greenville County Board of Supervisors on the 3rd day of February 2020, at which a quorum was present at the time the meeting was convened and at the time said vote was taken.

State Corporation Commission Form

Virginia State Corporation Commission (SCC) registration information. The offeror:

☒ is a corporation or other business entity with the following SCC identification number: F057815-5 **-OR-**

☐ is not a corporation, limited liability company, limited partnership, registered limited liability partnership, or business trust **-OR-**

☐ is an out-of-state business entity that does not regularly and continuously maintain as part of its ordinary and customary business any employees, agents, offices, facilities, or inventories in Virginia (not counting any employees or agents in Virginia who merely solicit orders that require acceptance outside Virginia before they become contracts, and not counting any incidental presence of the offeror in Virginia that is needed in order to assemble, maintain, and repair goods in accordance with the contracts by which such goods were sold and shipped into Virginia from offeror's out-of-state location) **-OR-**

☐ is an out-of-state business entity that is including with this proposal an opinion of legal counsel which accurately and completely discloses the undersigned offeror's current contacts with Virginia and describes why those contacts do not constitute the transaction of business in Virginia within the meaning of § 13.1-757 or other similar provisions in Titles 13.1 or 50 of the Code of Virginia.

****NOTE**** >> Check the following box if you have not completed any of the foregoing options but currently have pending before the SCC an application for authority to transact business in the Commonwealth of Virginia and wish to be considered for a waiver to allow you to submit the SCC identification number after the due date for proposals (the Commonwealth reserves the right to determine in its sole discretion whether to allow such waiver): ☐

Request for Taxpayer Identification Number and Certification

Give Form to the
requester. Do not
send to the IRS.

Go to www.irs.gov/FormW9 for instructions and the latest information.

Print or type.
See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank. Carter Machinery Company Incorporated	
2 Business name/disregarded entity name, if different from above	
3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes. <input type="checkbox"/> Individual/sole proprietor or single-member LLC <input type="checkbox"/> C Corporation <input checked="" type="checkbox"/> S Corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate <input type="checkbox"/> Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____ Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner. <input type="checkbox"/> Other (see instructions) ▶ _____	4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3): Exempt payee code (if any) _____ Exemption from FATCA reporting code (if any) _____ <small>(Applies to accounts maintained outside the U.S.)</small>
5 Address (number, street, and apt. or suite no.) See instructions. 1330 Lynchburg Turnpike	Requester's name and address (optional)
6 City, state, and ZIP code Salem, Virginia 24153	
7 List account number(s) here (optional)	

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number									
[] [] []	-	[] [] []	-	[] [] []	[] [] []				
or									
Employer identification number									
3	7	-	1	1	7	0	5	5	9

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
 - Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
 - Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
 - Form 1099-S (proceeds from real estate transactions)
 - Form 1099-K (merchant card and third party network transactions)
 - Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
 - Form 1099-C (canceled debt)
 - Form 1099-A (acquisition or abandonment of secured property)
- Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

Cat® C9.3B Engine meets U.S. EPA Tier 4 Final/EU Stage V/Korea Tier 4 Final emission standards with an aftertreatment system that is designed to be transparent to the operator.

CAT®

The new **Cat® D6** dozer helps you move material at a lower cost with a fully automatic transmission, outstanding fuel efficiency and reduced service/maintenance costs. The D6 is legendary versatility you have come to trust, with added performance and efficiency to help you take your business to the next level.

THE NEW **CAT® D6**

RENOWNED PERFORMANCE,
LOWER OPERATING COST

PUSHING YOUR PROFITABILITY FORWARD

Whether your work demands maximum productivity, or the lowest operating cost to move material, the fully redesigned Cat D6 dozer is the right machine for the job.

- + DESIGNED TO SAVE YOU FUEL, CUT YOUR SERVICE/MAINTENANCE COSTS AND HELP YOU REACH YOUR JOB SITE SAFETY GOALS
- + MAXIMIZE VERSATILITY WITH OPTIMIZED UNDERCARRIAGE AND BLADE CONFIGURATIONS THAT DELIVER BETTER BALANCE FOR GRADING, CAPACITY TO MOVE MORE MATERIAL AND LOW GROUND PRESSURE
- + UPDATED CAT CONNECT GRADE TECHNOLOGY FEATURES ADD TO THE UNPRECEDENTED EASE OF OPERATION BY HELPING YOU SAVE EVEN MORE TIME, MATERIAL AND OPERATOR EFFORT

MOVE MORE MATERIAL WITH EVERY LITER/GALLON OF FUEL

**THE D6 GIVES YOU UP TO 20% BETTER
FUEL EFFICIENCY COMPARED TO THE D6T DOZER**

NOTE: COMPARISON IS BASED ON 2014-2016 3-SPEED D6T DOZER

UP TO 9% LOWER MAINTENANCE COST

Designed specifically to reduce your service and maintenance costs with updated components, longer service intervals and fewer scheduled maintenance tasks.

UP TO 20% MORE FUEL EFFICIENT

Fully automatic 4-speed transmission continuously adjusts for maximum efficiency and power to the ground without added operator input.

UP TO 50% MORE PRODUCTIVITY WITH CAT CONNECT TECHNOLOGY

- + Simple Cat GRADE with Slope Assist™
- + Improved Cat GRADE with 3D
- + Next generation Attachment Ready Option

RENOWNED PERFORMANCE **LOWER OPERATING COST**

When you need to move material at a lower cost, let the new D6 handle some of the details for you. Get the power the job demands, along with the fuel savings you want, all with less operator effort.

AUTOMATICALLY EFFICIENT

Fully automatic 4-speed transmission operates at maximum power and efficiency for you, so you don't have to think about it. An added gear between first and second means you barely feel it shifting.

USE LESS FUEL

The new D6 saves you fuel by continuously adjusting to give you maximum efficiency without losing power to the ground. Cash in on up to 20% better fuel efficiency compared to the 3-speed D6T.

EASY ON OPERATORS

To get the most from your dozer, just set the ground speed and go. This means less effort for experienced operators and faster proficiency for newer operators.

CAT CONNECT GRADE TECHNOLOGY

BOOST YOUR PRODUCTIVITY

NO GPS SIGNAL? NO PROBLEM

Cat GRADE with Slope Assist automatically maintains blade position without a GPS signal. Put it to work building pads, creating simple design plans on-the-go, or working where GPS is unavailable.

FIRST PASS TO FINISH GRADE

Cat GRADE with 3D has been updated to give you even more speed and accuracy without position sensing cylinders. The factory integrated system has a new, friendly 10-inch (254 mm) touchscreen that works like a smart phone, so it is easy for operators to pick up quickly. Smaller antennas are integrated into the cab roof for even better protection. AutoCarry™ is included to automate blade lift for more consistent blade loads and less track slip.

READY WHEN YOU ARE

With Attachment Ready Option (ARO), your dozer comes from the factory ready for simple installation of an aftermarket grade control system. The new cab includes features, like a component shelf, to make it easier to utilize your existing technology systems.

BUILD YOUR IDEAL DOZER

Whatever job you need to do, the D6 has the optimized components to spec out the most versatile, productive member of your fleet.

PICK YOUR POWER TRAIN

Propel your productivity forward with a fully-automatic 4-speed power shift transmission, or up your efficiency game with Electric Drive.

PRODUCTIVITY OUT FRONT

Pick a beefed-up push arm bulldozer with plenty of dirt moving power or a new purpose-built 6-way VPAT blade to maximize your versatility.

WHERE STEEL MEETS GROUND

Need low ground pressure? Working on dirt, rock or landfill? The D6 has the undercarriage and track shoe choices to keep you on track whatever the ground conditions.

POWER TO MOVE DIRT FINESSE FOR BETTER GRADING

BETTER BALANCE

Stronger, lighter VPAT structure is redesigned to give you better balance for grading. No need for a rear implement or counterweight.

LOWER GROUND PRESSURE

A new wide-gauge LGP VPAT is purpose-built and equipped with 915 mm (36 in) centered shoes. This adds up to 35 kPa (5 psi) ground pressure to help you take on soft footing.

BLADE VERSATILITY

Cat VPAT blades give you class-leading range of motion so you can handle challenging jobs like trenching and backfilling. To finish the job, the VPAT blade stays level when angled so you get a smoother grade.

GRADE FASTER

Grade faster – in the 2.5-3.0 speed range – without sacrificing quality. Wider LGP blade means fewer passes. New finish grading undercarriage option (10-roller) gives you smoother grades, at higher speeds, even in difficult surfaces like sand and gravel.

ZERO SHIFTS PER DAY NO UPSHIFTING AND DOWNSHIFTING NEEDED.

JUST SET YOUR GROUND SPEED AND GO.

The D6 does the thinking for you to automatically select the most productive and efficient mode for the work you're doing.

UNPRECEDENTED EASE OF OPERATION

No need to worry about shifting gears to get the most from the machine – just choose your ground speed and go. The dozer automatically optimizes based on load for greatest productivity and fuel efficiency.

CUSTOMIZE YOUR COMFORT

A wider air-suspension seat has more adjustments and independently adjustable arm rests so you can find just the right position. Heated/cooled seat options available.

OPERATOR FRIENDLY CAB

Enjoy more work and storage space. Updated heating/cooling helps keep you more comfortable and reduces window fogging/frosting too.

- + New 10-inch (254 mm) touchscreen is easy to use, with a great view of machine settings, rearview camera and Slope Indicate/Slope Assist screens
- + Save your preferred settings in Application Profile

SAFER WORKERS

SAFER JOB SITES

The safety of your operators and other people on the job site is everything. New machine features help with visibility around the dozer, as well as reducing potential injury from a fall.

BETTER VIEW

Redesigned cab with integrated Rollover Protective Structure (ROPS) has about 15% more glass area to give you better all-around visibility. The exhaust stack and precleaner line up along a narrower hood for a clearer view out front.

EXTRA EYES

A High Definition rearview camera is standard. It shows prominently in the main display and includes back-up lines to help guide you.

EASY ACCESS

Standard rear ladder puts fueling, filter changes and rear window cleaning in easy reach. Ground-level access to optional fast fuel fill and maintenance points. Grab rail on both sides of cab roof and tie offs add to your safety.

The new D6 is designed specifically to reduce your service and maintenance costs with updated components, longer service intervals and fewer scheduled maintenance tasks.

TIME IS MONEY **SPEND MORE TIME IN THE DIRT**

GET BACK TO WORK

Give your operators more seat time with convenient routine maintenance and added durability designed to keep everyone busy ... except your service team.

LESS MAINTENANCE TIME

LOWER MAINTENANCE COST

GET BACK TO WORK

Grouped service points, modular component design and easy access to routine maintenance points save you time every day. If needed, the cab can be removed in about 30 minutes, compared to 4 hours on previous models.

SPEND LESS

Fewer filters and service points, along with longer service intervals, save you time and money on routine maintenance. Standard reversing fan extends time between core clean-outs and advanced cab filtration means less dust for reduced system wear and tear.

GAIN DURABILITY

New Cat C9.3B engine boosts durability with a simplified emissions reduction and a redesigned fuel system. New Heavy Duty Extended Life undercarriage – HDXL with DuraLink™ – offers up to 20% more seal life in high impact conditions.

Comparisons to previous model D6T over initial 10,000 hours of operations

CAT LINK TECHNOLOGY

TAKES THE GUESSWORK OUT OF MANAGING YOUR EQUIPMENT

CAT LINK telematics technology helps take the complexity out of managing your job sites – by gathering data generated by your equipment, materials, and people – and serving it up to you in customizable formats.

CAT PRODUCT LINK™

Product Link™ collects data automatically and accurately from your assets – any type and any brand. Information such as location, hours, fuel usage, productivity, idle time, maintenance alerts, diagnostic codes, and machine health can be viewed online through web and mobile applications.

VISIONLINK®

Access information anytime, anywhere with VisionLink® – and use it to make informed decisions that boost productivity, lower costs, simplify maintenance, and improve safety and security on your job site. With different subscription level options, your Cat dealer can help you configure exactly what you need to connect your fleet and manage your business, without paying for extras you don't want. Subscriptions are available with cellular or satellite reporting or both.

REMOTE SERVICES

Access information wherever you are to save time and money.

- + **Remote Flash** – get software updates to one or more machines remotely. You just need a designated person close to the machine to initiate/confirm the update.
- + **Remote Grade** lets you wirelessly manage site plans via Trimble Connect Services.
- + **Operator ID** lets you track machine operation by individual operator using the main display and Product Link.

SPECIAL ARRANGEMENTS

PURPOSE-BUILT FOR TOUGH TASKS

EQUIPPED FOR THE JOB

Factory guarding, seals and cab features help protect your machine and operator in especially harsh conditions. Insulated Clean Emissions Module and thermal shields add protection. High debris cooling system, automatic reversing fan help with cleanout.

FORESTRY AND LAND CLEARING

Updated sweeps lead the list of features designed to help protect your dozer from damage and debris build-up. Specialized track shoes plus woodchip and coal blades are matched to the job. Precleaner and roof-mounted filter help protect against dust and debris.

WASTE HANDLER

Take on landfill and transfer station work with confidence. Robust guarding, striker bars and seals help protect against impact, airborne debris and wrapping. Components are designed for easy cleanout, and air handling systems deliver cleaner air to the machine and to the operator. Specialized blades, track shoes and screens add to your productivity.

- All non-road Tier 4 Interim and Final, Stage IIIB, IV and V, and Korea Tier 4 Final diesel engines are required to use only Ultra Low Sulfur Diesel (ULSD) fuels containing 15 ppm EPA/10 ppm EU (mg/kg) sulfur or less. Biodiesel blends up to B20 (20% blend by volume) are acceptable when blended with 15 ppm (mg/kg) sulfur or less ULSD. B20 should meet ASTM D7467 specification (biodiesel blend stock should meet Cat biodiesel spec, ASTM D6751 or EN 14214). Cat DEO-ULS™ or oils that meet the Cat ECF-3, API CJ-4, and ACEA E9 specification are required. Consult your OMM for further machine specific fuel recommendations.
- Diesel Exhaust Fluid (DEF) used in Cat Selective Catalytic Reduction (SCR) systems must meet the requirements outlined in the International Organization for Standardization (ISO) standard 22241.
- The air conditioning system on this machine contains the fluorinated greenhouse gas refrigerant R134a (Global Warming Potential = 1430). The system contains 1.36 kg of refrigerant which has a CO₂ equivalent of 1.946 metric tonnes.

STANDARD & OPTIONAL EQUIPMENT

Standard and optional equipment may vary. Consult your Cat dealer for details.

POWER TRAIN	STANDARD	OPTIONAL
Fully-automatic 4-speed transmission	•	
Cat C9.3B diesel engine	•	
Double reduction planetary final drives	•	
Hydraulic reversing fan	•	
OPERATOR ENVIRONMENT	STANDARD	OPTIONAL
Fully redesigned cab, sound suppressed, with Integrated Roll Over Protective Structure (IROPS)	•	
Full-color 10-inch (254 mm) liquid crystal touchscreen display	•	
Integrated rearview camera	•	
Adjustable operator controls/armrests	•	
Cab mounted modular HVAC system	•	
Added storage areas	•	
Electrohydraulic implement and steering controls	•	
Cloth seat	•	
Deluxe leather heated/ventilated seat		•
Communication radio ready	•	
Lights – 6 LED	•	
Premium lights – 12 LED		•
Integrated warning lights		•
CAT CONNECT TECHNOLOGY	STANDARD	OPTIONAL
Slope Indicate	•	
Attachment Ready Option (ARO) with Assist/Cat GRADE with Slope Assist	•	
Cat GRADE with 3D		•
Product Link, Cellular PLE641	•	
Product Link Elite PLE631 – Dual Cellular/Satellite		•
BLADES	STANDARD	OPTIONAL
Semi-Universal		•
VPAT		•
Straight blade		•
Angle blade		•
Foldable VPAT – under 3 m (9.9 ft) transport width (not available in all regions)		•
Waste/Landfill		•
<i>For a full list of blade offerings, please refer to the D6/D6 XE Technical Specifications brochure on cat.com.</i>		

UNDERCARRIAGE	STANDARD	OPTIONAL
Heavy Duty (HDXL with DuraLink) or SystemOne™		•
Redesigned track roller frame	•	
10-Roller Fine Grading undercarriage		•
Moderate Service or Extreme Service track shoes		•
<i>For a complete listing of track shoe offerings, please refer to the D6/D6 XE Technical Specifications brochure on cat.com.</i>		
SERVICE AND MAINTENANCE	STANDARD	OPTIONAL
Fast fuel fill ready		•
Fast fuel pump		•
Refilling fuel pump (EU only)		•
Rear access ladder	•	
Shovel holder	•	
Ground level service center	•	
30-minute cab removal	•	
Fire extinguisher mounting provision	•	
Ecology drains	•	
High-speed oil change		•
Underhood work light	•	
HYDRAULICS	STANDARD	OPTIONAL
Independent steering and implement pumps	•	
Load sensing hydraulics	•	
ATTACHMENTS	STANDARD	OPTIONAL
Ripper-ready rear hydraulics	•	
Ripper and winch-ready rear hydraulics		•
High lift ripper with straight or curved shanks		•
Winch		•
Drawbar		•
Counterweights		•
Side screens		•
Rear screen – hinged or fixed		•
Sweeps		•
Forestry and Waste Special Arrangements		•

Not all features are available in all regions. Please check with your local Cat dealer for specific offering availability in your area.

For additional information, refer to the Technical Specifications brochure available at www.cat.com or your Cat dealer.

7/6/2020

Greensville County Landfill

We are pleased to present you with the following quotation:

ONE (1) NEW John Deere 850L Wastehandler Crawler Dozer LGP equipped with a John Deere Power Tech PSS 6090 FT4 turbocharged wet sleeved diesel engine rated at 225 net horsepower, dual-path electronically controlled hydrostatic transmission giving you automatic straight-ahead tracking, dynamic braking and counter rotation ability, Power Management System, ROPS Canopy, single lever steering, machine function monitoring system, vandal protection lock provisions, full length track frame covers, one-piece unitized construction mainframe, and other standard features plus the following options:

30" Grouser Shoes

Cab w/A-C

Chrome Exhaust

Quick Service

XM Radio

Fire Extinguisher

Waste handler Package:

Debris Management Sealing Package

Final Drive Seal Guarding

Engine Heat Wrap

Alternator Screen

Recessed Sprockets

Trash Rake for Blade

Final Drive Trash Seal Guards

Extended Warranty: 60 month/7500 hour power train plus hydraulic warranty.

Preventative Maintenance Agreement for 60 months/7500 hours.

152" Semi-U Blade

Sever Duty Fuel Filter

Sample Ports

Deluxe Air Ride Heated Seat

Back Up Camera

Heavy-Duty Perforated Grille

Heavy-Duty Sheet Metal

Large Debris Engine Precleaner

Fender Guards

Rear Storage Compartment/Stricker

Front Stricker Bar

Price\$404,507

Sincerely,

Darrell Printz

VP/GM

STANDARD WARRANTY FOR NEW JOHN DEERE CONSTRUCTION, UTILITY, AND FORESTRY PRODUCTS – US & Canada

- **Construction, Forestry & Commercial Worksite Products:** 12 months Full Machine Standard Warranty
- **Pull-Type Scrapers:** 6 months Full Machine Standard Warranty
- **Scraper Tractors:** 24 Months or 2000 Hours (whichever occurs first) Full Machine Standard Warranty
- **Forestry Attachments:** 12 Months or 2000 Hours (whichever occurs first) Full Machine Standard Warranty
- **Frontier Equipment:** 6 months Full Machine Standard Warranty (90 days in rental applications)

The "Standard Warranty" is part of the warranty protection package available from John Deere Construction & Forestry Company (John Deere Limited in Canada) ("John Deere") to purchasers of new John Deere products ("product"):

STANDARD Warranty is John Deere's standard new product warranty, described in this document, provided at no additional charge to the purchaser.

EXTENDED Warranty is a separate repair contract made available by John Deere for purchasers who wish to complement their Standard Warranty coverage. Complete Extended Warranty details, including coverage options and limitations, are set forth in the Application for Extended Warranty, which is available from authorized John Deere dealers.

STRUCTURALL Warranty applies to certain structural components as listed below and as described in this document.

FACTORY-INSTALLED UNDERCARRIAGE Warranty applies to certain undercarriage components as listed below and as described in this document.

A. STANDARD WARRANTY - GENERAL PROVISIONS

John Deere will repair or replace, at its option, any parts (except those specified below) of a new John Deere product that, as delivered to the original retail purchaser(s), are defective in material or workmanship. Performance of this warranty will be free of charge for parts and labor/labour, except as otherwise stated below. Standard Warranty applies only to purchases from John Deere and authorized John Deere dealers and, except as otherwise provided in the next sentence and section L below, is extended only to the original retail purchaser of the product. Remaining Standard Warranty applicable to a used John Deere product is transferred to a subsequent purchaser of the product only if the subsequent purchaser requests a transfer from an authorized John Deere dealer before the product's Standard Warranty expires. Coverage begins on the date of delivery of the product to the original retail purchaser. For purposes of this warranty, a product that has been rented, used for demonstration purposes for 150 or more hours, or otherwise used prior to its original retail purchase has been "used" for the total duration of such use. Warranty statements required by law covering engine emissions-related parts and components are found on a separate written warranty certificate provided to the purchaser at the time of the original retail purchase.

B. WHAT IS COVERED BY STANDARD WARRANTY -

All parts of a new John Deere product (except those noted in Sections D and E below) are covered during the Standard Warranty period set out above.

C. EXCLUSIVE REMEDY -

The repair or replacement of covered parts or components that are defective, as provided in Sections A, B, D.2 and D.3 herein, shall be the purchaser's exclusive remedy for any defect in the product. However, if after repeated attempts such repair or replacement fails to correct the performance problem caused by the defect, the purchaser's sole remedy shall be a refund of the amount paid for the product (in exchange for a return of the product), excluding any transportation charges, license fees, taxes and insurance premiums, and less a reasonable allowance for use of the product prior to its return. In no event will the dealer, John Deere or any company affiliated with John Deere be liable for any incidental or consequential damages, including but not limited to loss of profits, rental of substitute equipment or other commercial loss. Correction of defects in the manner provided above shall constitute fulfillment of all liabilities of the Dealer, John Deere, or any company affiliated with John Deere to the purchaser or any other person, whether based upon contract, tort, strict liability, or otherwise. This limitation does not apply to claims for personal injury.

D. ITEMS COVERED SEPARATELY -

1. Standard Warranty does not apply to batteries, radios, tires, cameras, or to Cummins, MTU or Detroit Diesel Engines installed in John Deere products, which are covered by separate written warranties.

2. Factory-Installed Undercarriage Warranty covers all non-rubberized factory-installed undercarriage wear components for 3 years or 4,000 hours after the product's original retail purchase or first rental or demonstration use prior to the first retail purchase, whichever occurs first (unless terminated earlier under Section F, below). In addition to the items listed in section E below, Factory-Installed Undercarriage Warranty does not cover: failures due to wear, machine application, maintenance practices, or improper machine configuration; removal and installation labor/labour; transportation or hauling costs; unapproved parts; non-wear items; and rubberized undercarriage components such as rubber tracks. Warranty claims will be pro-rated based upon wear of the failed component and whether track shoe width is approved by John Deere. Factory-Installed Undercarriage Warranty does not apply to Scraper Tractors.
3. StructurALL Warranty for new John Deere Products (except Compact Excavators & Loaders, Skid-Steer Loaders, Compact Track Loaders, Scraper Tractors, Pull-Type Scrapers, and Forestry Attachments, which are not eligible for StructurALL Warranty) begins at the end of the product's Standard Warranty and ends (unless terminated earlier under Section F, below) three (3) years, or 10,000 hours (whichever occurs first) after the product's original retail purchase or first rental or demonstration use prior to the first retail purchase. **StructurALL Warranty applies only to the following structural components listed below as installed on the product at the time of original manufacture.** If a particular component is not listed below it is not covered by StructurALL Warranty.

Arm; Articulation Joint (incl. pins & bushings); Bin Frame; Boom; Carbody; C-Frame*; Circle Frame; Coupler (John Deere built ONLY); Dipperstick; Draft Frame; Engine Frame; Equipment Frame; Grapple Arch and Grapple Boom; Loader Arm; Loader Frame; Mainframe; Moldboard Lift Arm; NeverGrease™ Pin Joints [Includes steering pin and bushing joints (standard equipment), roller elements (roller bearings) in bucket to boom joints and sliding elements (bushing) for boom and linkage joints (optional equipment)]; Rollover Protection Structure (ROPS); Side Frame; Swing Frame; Track Frame; Undercarriage Frame; X-Frame; Z-bar loader linkage (including bell crank and bucket driver link); Specialty booms and arms marketed as "heavy duty" by John Deere.

Items Covered by StructurALL for Cut-to-Length Forestry Machines: Front frame (welded assembly); Rear frame (welded assembly); Crane king post with basement; Middle joint; Cab turntable; Main Boom

StructurALL Warranty does not apply to:

1. Any product used primarily in extreme duty or severe duty applications such as but not limited to: demolition and wrecking, chemical plant (including fertilizer plants), salt mines, steel mill, land fill and transfer stations, scrap handling, scarifying and other applications that are similarly destructive or similarly heavy duty except specialty booms and arms as stated in Section D.3 above.
2. C-Frames on H-Series & J-Series Crawlers equipped with root rakes or used in forestry applications unless equipped with an "extreme duty" reinforcement package.
3. Cut-to-Length Forestry Heads and Slash Bundler Units.
4. Crawlers equipped with optional side booms.
5. Excavator and Log Loader swing bearings.
6. Motor Graders equipped with front- or rear-mounted snow wings.

E. ITEMS NOT COVERED -

John Deere is NOT responsible for the following:

1. Freight
2. Adjustments to compensate for wear, for periodic maintenance or adjustments that result from normal wear and tear.
3. Damage caused by unapproved adjustments (electronic or mechanical) to machine or machine components outside of published specifications including but not limited to engine, hydraulic components and relief valves.
4. Program updates, calibrations, and pressure adjustments.
5. Diagnostic Time
6. Additional Labor/Labour Time - Above SPG/Labor/Labour Rate
7. Additional Cleaning - Above SPG/Labor/Labour Rate
8. Rental Fees
9. Depreciation or damage caused by normal wear or application, lack of reasonable and proper maintenance, failure to follow operating instructions, misuse, negligence, collision or other accidents.
10. Premiums charged for Overtime Labor/Labour
11. Transportation to and from the dealership.
12. Travel time, mileage or service calls by the dealer.
13. Non-John Deere components or modifications, Rotobec grapples, and attachments installed aftermarket.
14. Shop supplies and maintenance items such as, but not limited to: filters, fuels, oil, hydraulic fluid, lubricants, coolants, conditioners, shop towels, cleaners and degreasers. Note: Reimbursement for refills of oils/coolants lost

due to a warrantable failure is covered when a system failure occurs outside the boundaries of a normal oil change (within 25% of specified change interval as provided in the Operator's Manual).

15. Torn, cut, or worn hoses.
16. Wear items, such as, but not limited to: body liner, belts, blades, bulbs, lubricated joints (including pins and bushings), dry brakes, brake linings, dry clutch linings, saw blades, chains, skidder grapple shocks, color marking nozzles, and articulation bumpers.
17. Items such as cutting edge parts, delimbing knives, bucket teeth and rubber track are not warranted for depreciation or damage caused by normal wear, lack of proper maintenance, misuse, failure to follow operating instructions, the elements or accident.
18. Any defect in a non-covered component, or damage to or failure of a covered component caused by a defect in a non-covered component.
19. Secondary damage which occurs from continued operation of a product after recognition of the occurrence of a failure.
20. Parts supplied or modifications done by third party suppliers.
21. Topping off fluids when fluid levels fall in the range between low and full
22. Parts/Kits not ordered on machine and installed aftermarket. These parts will be covered by any applicable parts warranty.
23. Attachments installed aftermarket – i.e. Winch not installed at factory.
24. Custom options installed outside the factory – i.e. G.R. Manufacturing option packages.
25. Used Products (except as otherwise provided in section L below).

F. TERMINATION OF WARRANTY-

John Deere is relieved of its obligations under Standard Warranty, StructurALL Warranty, Factory-Installed Undercarriage Warranty and/or Extended Warranty if:

1. Service (other than normal maintenance and replacement of service items) is performed by someone other than an authorized John Deere dealer; or
2. The product is modified or altered in ways not approved by John Deere; or
3. Any unapproved or improperly sized attachment is installed on the product. Approval and attachment size shall be at John Deere's sole discretion. (Consult dealer prior to installing attachments or product modification).
4. The product is moved outside the US and/or Canada.

G. PARTS REPLACED UNDER WARRANTY -

Only new or remanufactured parts or components furnished or approved by John Deere, will be used if John Deere elects to repair the product. If any such part or component is defective in material or workmanship when installed in the product, John Deere will repair or replace, as it elects, such defective part or component, provided the defect is reported to an authorized John Deere dealer within 90 days (12 months or 1500 hours, whichever occurs first, for remanufactured components) after installation or before expiration of the applicable Standard Warranty, Factory-Installed Undercarriage Warranty and/or StructurALL Warranty whichever is later.

H. TELEMATICS

NOTICE: Products may be equipped with telematics hardware and software ("Telematics") that transmit data to John Deere/ Dealer. Purchaser may deactivate Telematics at www.idlink.com.

Notwithstanding Purchaser's right, title or interest in the Products, Purchaser agrees that John Deere and Dealer (their affiliates, successors and assigns), without further notice to Purchaser have the right to:

1. Access, use, collect and disclose any data generated by, collected by, or stored in, Products or any hardware or devices interfacing with Products ("Machine Data");
2. Access Machine Data directly through data reporting devices integrated within, or attached to, Products, including Telematics ("Data Reporting Systems"); and
3. Update the Data Reporting Systems software from time to time. Machine Data will only be used in accordance with John Deere's Machine Data Policy, located at www.JohnDeere.com/MachineDataPolicy.

Machine Data may be transferred out of the country where it is generated, including to the U.S.A.

I. OBTAINING WARRANTY SERVICE -

To obtain warranty service, the purchaser must request warranty service from a John Deere dealer authorized to sell the product to be serviced. When making such a request, the purchaser must present evidence of the product's delivery date, make the product available at the dealer's place of business, and inform the dealer in what way the purchaser believes the product to be defective. Standard Warranty, Factory-Installed Undercarriage Warranty and/or StructurALL Warranty repairs may be made in the field if the purchaser and servicing dealer so desire. However, John

Deere will not be responsible for any charges (such as dealer travel time, mileage or extra labor/labour) that would not have been incurred had the product been repaired at the dealer's place of business.

J. NO IMPLIED WARRANTY, CONDITIONS OR OTHER REPRESENTATION -

Where permitted by law, neither John Deere nor any company affiliated with it makes any warranties, representations, conditions or promises, express or implied, as to the quality, performance, or freedom from defect of its products, other than those set forth in this document and **NO IMPLIED WARRANTY OF MERCHANTABILITY, CONDITIONS OR FITNESS IS MADE.**

K. NO DEALER WARRANTY -

The selling dealer makes no warranty of its own on any item covered by this warranty, and makes no warranty on other items unless the dealer delivers to the purchaser a separate written warranty certificate specifically warranting the item. **The dealer has no authority to make any representation or promise on behalf of John Deere, or to modify the terms or limitations of this warranty in any way.**

L. USED JOHN DEERE PRODUCTS ONLY -

John Deere will transfer remaining Standard Warranty, Factory-Installed Undercarriage Warranty and/or Structural Warranty to the purchaser of a used John Deere construction and/or forestry product that has been used for less than the full warranty period provided at the product's original retail purchase. This transfer is not effective until change of ownership is registered by a John Deere dealer. **ALL THE TERMS, INCLUDING LIMITATIONS AND EXCLUSIONS, OF THE JOHN DEERE STANDARD WARRANTY, FACTORY-INSTALLED UNDERCARRIAGE WARRANTY, AND/OR STRUCTURAL WARRANTY ORIGINALLY PROVIDED FOR THE PRODUCT REMAIN IN EFFECT AND APPLICABLE.**

**JOHN DEERE**

Application For Extended Warranty

For John Deere Construction, Forestry, And CWP Products

Print Form

The John Deere equipment Owner identified below ("Owner") hereby applies for Extended Warranty to John Deere*. (*In the US: John Deere means John Deere Warranty Inc., One John Deere Place, Moline, Illinois 61265-8098, except for Owners in GA or NY, John Deere means John Deere Construction & Forestry Company, One John Deere Place, Moline, Illinois 61265-8098. In Canada: John Deere means John Deere Canada ULC, 295 Hunter Road, P.O. Box 1000, Grimsby, Ontario, L3M 4H5.) John Deere's obligations under the Extended Warranty for John Deere Construction, Forestry, and CWP Products are backed by the full faith and credit of John Deere. This Application is made in accordance with the terms set forth in this document for the John Deere product identified below. Owner desires the Extended Warranty coverage option(s) checked:

IMPORTANT NOTE TO OWNER: Complete terms of John Deere's Extended Warranty are set forth on this document. Please read both pages carefully before signing. YOUR RIGHTS AND REMEDIES IN CONNECTION WITH EXTENDED WARRANTY ARE LIMITED AS INDICATED ON BOTH PAGES OF THIS DOCUMENT. WHERE PERMITTED BY LAW, JOHN DEERE PRODUCTS CARRY NO STATUTORY OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS. John Deere's Extended Warranty is not insurance.

OWNER RESPONSIBILITIES: After the product's Standard Warranty expires, the Owner will be responsible for the first \$200 of repair cost for each repair event covered by Extended Warranty, except for covered repairs to the product's (1) engine or powertrain, or (2) hydraulics (if Extended Powertrain Plus Hydraulics coverage is the only coverage in effect.) Scraper tractor Extended Warranty is limited to the powertrain only with a \$750 deductible for each repair event covered under the Extended Warranty.

ACKNOWLEDGEMENTS: I have read and understand the terms, including limitations and exclusions, of John Deere's Extended Warranty, and understand that it is not insurance. I also understand that the coverage applied for herein is not effective unless and until (1) a properly completed application for coverage is submitted to John Deere, and (2) the coverage charge is paid.

I HAVE RECEIVED BOTH (2) PAGES
OF THIS APPLICATION FORM. Owner Initials: _____ Date: _____

A. EXTENDED WARRANTY - GENERAL PROVISIONS.

During the coverage period, John Deere will repair or replace, at its option, covered components that were either factory installed components or genuine John Deere replacements installed by an authorized John Deere dealer ("Dealer"). Such repair or replacement will be free of charge for parts and labor, except as otherwise stated below.

Under each coverage option, the Extended Warranty period begins when the product's corresponding Standard Warranty ends, and continues (unless terminated under Section E below) until the expiration selected on the face of this document. The coverage period ends after the specified number of months or when the machine's hour meter reaches the specified hour limitation, whichever occurs first.

Extended Warranty is available only through Dealers for John Deere products, and may be purchased at any time before the product's Standard Warranty, or Extended Warranty expires. Extended Warranty is not effective unless and until (1) a properly completed application for coverage is submitted to John Deere, (2) and the coverage charge is paid. Once Extended Warranty becomes effective, John Deere's obligations hereunder extend only to the applicant identified on the first page of this document, unless remaining coverage is transferred to a subsequent purchaser of this product in accordance with Section H below.

B. FLUID ANALYSIS REQUIREMENT AND MAINTENANCE.

Fluid Analysis: As a condition of coverage, the following Extended Warranty contracts require fluid analysis:

- Extended Warranty Contracts on excavators with 100 horsepower and above.
- All other Construction & Forestry products (including excavators under 100 horsepower) with Extended Warranty Contracts above 5000 coverage hours.

Compact Excavators, Compact Track Loaders, Skid Steers, Compact Loaders, Scraper Tractors and Pull-Type Scrapers are excluded from this requirement.

Owner is responsible for completing hydraulic/hydrostatic oil analysis at 500 hour intervals for specific models and hours of coverage. If sample frequency is not maintained, and repairs occur, Owner will be responsible for 20% of the repair cost. An oil sample using John Deere specifications must be submitted on or before the effective date of the Extended Warranty contract.

Maintenance: The Owner, at his or her own expense, must maintain the product in accordance with the product's Operator's manual and, upon request, provide adequate records verifying maintenance.

L SERIES SKIDDERS, L SERIES WHEELED FELLER BUNCHERS, M SERIES TRACKED FELLER BUNCHERS: Additional Fluid Analysis & Maintenance may be required. As a condition to receive a Powertrain Ultimate Uptime Extended Warranty and Preventative Maintenance contract, the following will be required:

- A Dealer must perform all major services, including without limitation, scheduled maintenance in accordance with the Operator's Manual for the duration of the Extended Warranty Term.
- Submit oil samples through ALS after every service interval, regardless of who performs the service (Owner or Dealer).
- Use John Deere parts and fluids for every service interval, regardless of who performs the service (Owner or Dealer).

FAILURE BY THE OWNER TO COMPLY WITH THESE REQUIREMENTS WILL VOID POWERTRAIN EXTENDED WARRANTY COVERAGE.

C. WHAT IS COVERED BY EXTENDED WARRANTY:

Not every product component is covered by Extended Warranty. Those components that are covered are listed below. If a particular component is not listed below, it is not covered by Extended Warranty.

1. Engine Only Coverage (excludes Cummins, Detroit Diesel and Hino Engines): If you purchased Engine Only Extended Warranty the following items are covered: Engine: engine and all components within, cylinder head and gasket, ECU, electronic engine-speed-control system, engine block, engine oil cooler and aftercooler, flywheel housing and gasket, front and rear engine seals, front damper, hydraulic actuator, injection nozzles, injection pump and gasket, manifolds and gaskets, oil pan and gasket, pressure/temperature sensors and sending units, pressure/temperature sensors and sending units-EGR system manifold, ring gear and flywheel, rocker arm cover and gasket, thermostats, timing gear cover, turbocharger and gaskets, water pump and gaskets.

2. Powertrain Coverage: If you purchased Powertrain Extended Warranty the engine items above are covered along with the following items: Engine: engine speed controls & linkages - excavators. Transmission/Axles/Hydrostatics: axle(s) and differentials(s), clutch housing (except dry clutch disk), driveshaft with universal joints, electronic and/or hydraulic control valves, excavator rotary manifold, Tracked Feller-Buncher rotary manifold, final drive, front wheel-drive sensors (not wiring harness), hydrostatic system components including: propel motor, hydrostatic/hydraulic pump and related control valves powering propel and/or swing function (not dig function), hydraulic-front-wheel-drive axle and wheel assembly (including drive pump and motor, electric control, solenoid control valve, and divider valve), mechanical-front-wheel-drive differential/axle assembly (with its driveshaft, universal joint and control), power take off clutch housing (scraper tractor only), pump and valve controller, reverser with control valve, splitter drive, swing motor and brake, swing gearbox and bearings, torque converter, transfer drive, transmission. Brakes: wet park brake pinion shaft, bearing, and bearing quill (motor graders only), wet service brakes, wet steering brakes and clutches. Electrical: sensors- rotary, starter (scraper tractor only). Electric-Drive Loaders: generator, electric motor, power electronics inverter (DLR), brake resistor, motor cable assembly, generator cable assembly, brake resistor cable assembly.

3. Powertrain plus Hydraulics Coverage: If you purchased Powertrain plus Hydraulics Extended Warranty, the engine and power train items above are covered along with the following hydraulic items: Transmission/Axles/Hydrostatics: accumulator and related relief valves (transmission), hydraulic differential lock valve & associated parts. Hydraulics: control & load holding valves, cylinder packing kits, hydraulic cylinders, hydraulic oil cooler, hydraulic pumps & motors & related control valves, hydraulic reservoir, locking pin cylinder, pilot controls. Brakes: brake accumulator (Articulated Dump Truck Only). Steering: crossover relief valve, priority valve, steering pump, steering valves and cylinders.

4. Full Machine Coverage: If you purchased Full Machine Extended Warranty the engine, powertrain, and powertrain plus hydraulic items above are covered along with the following non-powertrain items: (Please note: there is a \$200 deductible on all hydraulic and non-powertrain repairs when Full Coverage is purchased). Engine: engine mounts and support, engine oil lines, engine speed controls & linkages, filter mount, fuel lines, fuel tank and associated parts, fuel transfer pump & gasket, oil filter tube, pulleys, radiator and hoses, water piping. Transmission/Axles/Hydrostatics: control rods, differential lock valve & associated parts, external oil lines, filler tubes (transmission), filter screens, oil cooler, shift-control linkage, sending units and sensors.

Brakes: brake accumulator (Non ADT), brake pump, brake valve, pressure reducing valve, unloading valve. Electrical: alternator, gauges, indicators, instruments, sensors, starter, starter drive, starter solenoid, switches, voltage regulator, wiper motors, wiring harnesses. Factory Installed Air Conditioning: accumulator, clutch, compressor, condenser, dryer, evaporator, expansion valve, heater hose, pulley, seals & gaskets, temperature control programmer. Other: bucket linkages, circle drive gearbox, dump body (ADT only), fan & fan drive, motor grader circle, scarifier & ripper linkages, factory installed winch (skidders only). Steering: axles, secondary steering system components, spindles & supports, steering linkage, tie rod & tie rod ends. Structures: arm, articulation joint (incl. pins & bushings), bin frame, boom, car body, C-frame, circle frame, dipperstick, draft frame, engine frame, equipment frame, forklift mast & frame, grapple arch and grapple boom, loader arm, loader frame, mainframe, moldboard lift arm, rollover protection structure (ROPS), side frame, swing frame, track frame, X-frame, Z-bar, Pneumatic Components (ADT only): airline hoses & lines & fittings, air components of brake systems, four way protection valve, unloading valve.

D. ITEMS NOT COVERED.

- John Deere is not responsible for the following:
1. Parts/Kits not ordered on machine and installed aftermarket are not covered by the machine's Standard Warranty or Extended Warranty. These parts will be covered by any applicable parts warranty.
 2. Attachments installed aftermarket are excluded from any Extended Warranty purchased for the machine - i.e. Winch not installed at factory.
 3. Factory installed forestry attachments such as felling heads, saw heads, harvesters, delimiters and all Waratah attachments do not qualify for Extended Warranty.
 4. Batteries, hoses, radios, tires, Cummins or Detroit Diesel engines.
 5. Premiums charged for overtime labor requested by the Owner.
 6. Costs for transporting the product to and from the place where service is performed, or service calls made by the repairing Dealer.
 7. Depreciation and normal wear.
 8. Damage caused by any of the following: a) Misuse or abuse of the machine; b) the application the machine is working in; c) lack of proper/required maintenance; d) failure to follow operating instructions; e) lack of protection during storage; f) vandalism; g) the elements; or h) collision or other accidents.
 9. Normal maintenance and replacement of maintenance and wear items such as: filters, oils, coolants and conditioners, blades and cutting edge parts, pins and bushings (except in articulation joints), hoses, lines and fittings, undercarriage, belts, dry brakes and dry clutch linings, bulbs, rubber tracks, and skidder grapple shocks.
 10. Damage caused to a covered component by a non-covered component that is used on or installed in the product.
 11. For warranty repairs made in the field, any charges (such as Dealer travel time, mileage, or extra labor) that would not have been incurred had the product been repaired at the Dealer's place of business.

E. TERMINATION OF EXTENDED WARRANTY.

John Deere is relieved of its obligations under Extended Warranty if:

1. Service (other than normal maintenance and replacement of service items) is performed by someone other than a Dealer; or
2. The product is altered or modified in ways not approved by John Deere; or
3. The product's hour meter has been rendered inoperative or otherwise tampered with; or
4. The product is removed from the United States or Canada; or
5. Use is made of the product within an application group other than the group designated in the application for Extended Warranty for the product.

F. LIMITATIONS OF JOHN DEERE'S LIABILITY.

The repair or replacement of covered components that are defective, as provided in Section A above, shall be the Owner's exclusive remedy for any defect in the product. However, if after repeated attempts such repair or replacement fails to correct the performance problem caused by the defect, the Owner's sole remedy shall be a refund of the amount paid for the product (in exchange for a return of the product), excluding any transportation charges, license fees, taxes, and insurance premiums, and less a reasonable allowance for use of the product prior to its return. John Deere's liability for any repair event shall not exceed the actual cash value of the product if repaired, and John Deere's cumulative liability over the coverage period shall not exceed the amount paid by the Owner for the product, excluding any transportation charges, license fees, taxes, and insurance premiums. In no event will John Deere be liable for any incidental or consequential damages (including without limitation, loss of profits, rental of substitute equipment, or other commercial loss) that may be sustained due to a defect in the product or the breach or performance of John Deere's obligation under Extended Warranty. Corrections of defects in the manner provided herein shall constitute fulfillment of all liabilities of John Deere to the Owner or any other person, whether based upon contract, tort, strict liability, or otherwise. This limitation does not apply to claims for personal injury.

G. OBTAINING EXTENDED WARRANTY SERVICE. To obtain service covered by Extended Warranty, the Owner must request Extended Warranty service from a Dealer authorized to sell the product to be serviced. When making such a request, the Owner must present his or her Application for Extended Warranty and John Deere's written confirmation of coverage (transferees under Section H below must present John Deere's written confirmation of coverage transfer), make the product available at the Dealer's place of business, and inform the Dealer in what way the product is believed to be defective. Extended Warranty repairs can be made in the field if the purchaser and servicing Dealer so desire. However, John Deere will not be responsible for any charges (such as Dealer travel time, mileage, or extra labor plus any applicable taxes) that would not have been incurred had the product been repaired at the Dealer's place of business.

H. TRANSFER OF UNUSED COVERAGE UPON RESALE. Remaining Extended Warranty applicable to a used John Deere product is transferred to a subsequent purchaser of the product if:

1. The subsequent purchase is made before the product's Extended Warranty expires; and
2. The product is determined by John Deere to be in satisfactory condition following an inspection performed by a Dealer, in accordance with John Deere's instructions, at the subsequent purchaser's expense; and
3. John Deere's written confirmation of the transfer is received by the subsequent purchaser; and
4. Either (a) the use made of the product by the subsequent purchaser falls within the same application group designated on the product's original Application for Extended Warranty, or (b) the subsequent purchaser pays the amount specified by John Deere for conversion of the remaining coverage to a different application group.

I. NO STATUTORY OR IMPLIED WARRANTY. Where permitted by law, JOHN DEERE PRODUCTS CARRY NO STATUTORY OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS.

J. DEALER CANNOT VARY TERMS OF COVERAGE.

All terms of John Deere's Extended Warranty are set forth on this document. Dealers have no authority to make any representation or promise on behalf of John Deere, or to modify the terms or limitations of Extended Warranty in any way.

L-SERIES
CRAWLER DOZER

JOHN DEERE

850L

**MUSCLE MEETS
PERFORMANCE**

EXPE

+

**LARGER & MORE
POWERFUL***

**MORE
PRODUCTIVE***

*Compared to previous K-Series model.

ET BIG THINGS
FROM AN 850L.

GAME ON.

Need big results on big jobs? The 850L will help you bring your "A" game. Larger and more powerful than the previous K-Series model, it's tough enough to handle the most demanding conditions. With new state-of-the-art controls, the usual John Deere arsenal of production-boosting hydrostatic advantages, and a SmartGrade™ option, it provides the finesse you need to tackle precision work. Beefed up on the outside, it's bigger on the inside, too, with a roomier, more comfortable cab along with a host of creature comforts. You'll find what you need to take on your competition in an 850L.

PACK A PRODUCTIVE PUNCH

HEAVY HITTER.

Whether you're fine grading or mass excavating, this durable dozer can do both — and more. Its roomier cab will help operators roll with whatever punches the jobsite throws their way.

**10% MORE
ENGINE POWER,
23% MORE TORQUE**
OVER PREVIOUS MODEL

As comfortable as the day is long

Featuring sleek automotive styling, an angled seat for a clear view to the ripper, new ergonomic joysticks, ample storage, and an automatic temperature control (ATC) option, the operator station provides daylong comfort and convenience.

Boost productivity, big time

With more power, weight, and stability than its predecessor, the 850L Crawler Dozer makes it easy to get more done.

Smart thinking

Combining the power of Topcon 3D-MC² technology with the Deere track load-sensing system, Deere's SmartGrade solution is a fully integrated grade-control system that's as easy to set up as it is to run.

Higher-displacement 9.0L engine

PowerTech™ PSS 9.0L diesel replaces the previous 6.8L engine, enabling 10-percent more engine power and 23-percent more peak torque. This EPA Final Tier 4 (FT4)/EU Stage IV-certified engine delivers a winning combination of performance, fluid efficiency, and reliability.

**AUTO
SMARTGRADE**

STANDOUT FEATURE

***GET MORE,
DO MORE.***

FAST-TRACK PRODUCTIVITY

POWER, STABILITY, AND A NEW BLADE.

Featuring the widest Power-Angle-Tilt (PAT) blade in its class, the 850L delivers more horsepower and torque than its predecessor, for increased productivity. Plus, an eight-roller undercarriage improves stability for fine grading.

Don't settle for average grades

With standard electrohydraulic (EH) controls and an "open-architecture" design, the 850L makes it easy to add the grade-control system of your choice, whether it's Topcon, Leica, or Trimble. SmartGrade, John Deere's mastless machine-control solution available from the factory, is fully integrated and easy to set up and run.

On the right track

New eight-roller, 130-inch undercarriage puts more track on the ground, for better stability and fine-grading capability over its predecessor. When the job requires a power-angle-tilt (PAT) or outside dozer (OSD) blade, either is available in extra-long-track (XLT), wide-long-track (WLT), and low-ground-pressure (LGP) track configurations.

Power up

The 850L delivers 20 more horsepower than our previous model and more horsepower than any competitor in its class.

Widest PAT blade on the market

At 172 inches, the PAT blade is the widest in its class — helping to increase productivity, especially when grading.

Extend your workday

Standard LED lights help show the way when you need to work past or before daylight. For additional illumination, opt for a premium high-output lighting package, which is twice as bright.

**NEW WIDER
172-in.
BLADE**

EXCEPTIONAL STYLE, VISIBILITY, AND COMFORT

EASY ON THE EYES — AND THE OPERATOR.

Featuring eye-catching automotive styling, the new cab is even more spacious, quiet, and comfortable than previous models. Exceptional visibility, extra storage, and an improved HVAC system help take the sting out of a long day.

Take total control

Exclusive Total Machine Control (TMC) monitor lets an operator quickly change settings with the simple push of a button. Forward/reverse ground-speed ranges, steering modulation, and F-N-R shift rate can be easily customized to operator preferences. Decelerator mode and forward/reverse speed ratio are accessible through the sealed-switch module.

Set and forget

Optional automatic temperature control (ATC) system allows operators to simply select a desired temperature instead of fiddling with knobs to get comfortable.

Sit back and enjoy the ride

Standard high-back air-suspension seat with two inches of extra travel adjusts multiple ways for daylong comfort and support. Seat is angled to reduce neck and back strain when running the rear implement. Optional deluxe heated- and leather-bolstered lower cushion has your back in colder weather. A ventilated seat option also boosts operator comfort.

Keep an eye on things

Large, easy-to-navigate monitor provides intuitive, push-button access to a wealth of machine information, including temperatures, pressures, and diagnostics. Opt for a rearview camera to display the action behind the machine.

Low-effort control

Updated ergonomic joysticks provide intuitive, low-effort control of the transmission, hydraulics, and rear implement. Use a rocker switch on the left joystick to control direction and a thumb roller to adjust speed. A thumb roller on the right joystick enables precise, proportional control of PAT blade angle or OSD power pitch. Rear implement control provides a stable grab handle for operating a ripper in rough terrain and includes a return-to-stow button to raise the ripper.

A photograph showing the interior of a John Deere tractor cab. The view is from the driver's perspective, looking towards the front window. The seat is upholstered in grey and black fabric with a John Deere logo on the headrest. To the left of the seat is a black gear shifter and a handbrake. The floor is black plastic. The window looks out onto a dirt field with some green vegetation in the distance.

IT ALL LOOKS GOOD
FROM HERE.

PURPOSE-BUILT
WASTE-HANDLER
PACKAGE (OPTIONAL; LGP ONLY)

BUILT TOUGH AND
**CONFIGURED
YOUR WAY.**

UNDERNEATH IT ALL

THIS DOZER MEANS BUSINESS.

We make it our business to know your business. To meet your unique needs, the 850L can be configured with multiple undercarriage configurations, application-specific blade choices, and numerous other available options. Equip it with special- and severe-duty packages to tackle tasks that many other dozers can't and expand your business opportunities.

More configurations to meet your needs

Configurations including pipelayer-ready, mechanical-angle blade, waste handler, and forestry package let you put this dozer to work in a variety of unique applications.

Take it on

The 850L has been beefed-up with thicker sheet metal; larger doors; a baffled, sealed engine compartment; larger hydrostatic pumps; a simplified, heavier-duty mainframe; and a more robust c-frame-to-mainframe joint than previous models.

Redesigned electrical and hydraulic systems

Routing of the electrical and hydraulic systems has been significantly simplified. Hose length has been reduced by 16 percent to minimize system complexity.

NO BIG DEAL

SERVICING A BIG MACHINE DOESN'T NEED TO BE A HASSLE.

Fast access to major components

Simply remove a few bolts and use a hand pump to raise the operator station in a matter of minutes. It tilts a full 65 deg. for easy access to major machine components.

Eco mode

Standard Eco mode adjusts engine power and transmission settings automatically based on load while maintaining ground speed, to help optimize fuel economy.

Auto-idle and auto shutdown

Auto-idle helps save fuel by reducing engine speed when the dozer isn't moving. Auto shutdown turns the engine off after an operator-determined period of idling, further minimizing fuel use while reducing wear on components.

Minimal maintenance

Enlarged service doors provide quick access to conveniently located checkpoints and filters. Extended service intervals help further minimize maintenance and expense.

Easy cooling-package cleanout

Larger fin spacing than in previous models minimizes cooler plugging, extending maintenance intervals. Straight, single-plane cooler arrangement simplifies cleanout through the engine compartment doors and removable side panels.

Reversing cooling fan

Standard hydraulic reversing fan automatically back-blows the cooler cores at preset intervals. Or simply press a button when conditions demand more frequent cleaning.

Get valuable insight with

JOHN DEERE WORKSIGHT™

The John Deere WorkSight suite of construction technology delivers **Productivity Solutions** to help you get more done, more efficiently. The in-base, five-year JDLink™ telematics subscription provides machine location, utilization data, and alerts to help you maximize productivity and efficiency. Other productivity solutions include grade-management and payload-weighting options.

To maximize uptime and lower costs, JDLink telematics also enables **John Deere Connected Support.™** John Deere's centralized Machine Health Monitoring Center analyzes data from thousands of connected machines, identifies trends, and develops actions to prevent downtime called Expert Alerts. Dealers use Expert Alerts to proactively address conditions that would otherwise likely lead to downtime. Your dealer can also monitor machine health and leverage remote diagnostics and programming capability to further diagnose problems and even update machine software without a time-consuming trip to the jobsite.

850L SPECIFICATIONS

Engine	850L XLT / 850L WLT / 850L LGP
Blade Type	Power-Angle-Tilt (PAT) / Outside Dozer (OSD)
Manufacturer and Model	John Deere PowerTech™ PSS 6090
Non-Road Emission Standard	EPA Final Tier 4/EU Stage IV
Displacement	9.0L (549 cu. in.)
SAE Net Rated Power	168 kW (225 hp) at 1,700 rpm
Net Peak Torque	1126 Nm (831 ft.-lb.) at 1,500 rpm
Aspiration	Turbocharged and air-to-air aftercooled
Air Cleaner	Dual-element dry canister with external rotary ejector precleaner
Cooling	
Type	Variable-speed suction fan with automatic reversing
Engine Coolant Rating	-37 deg. C. (-34 deg. F)
Engine Radiator	7 fins per in.
Powertrain	
Transmission	Automatic, dual-path, hydrostatic (HST) drive; load-sensing feature automatically adjusts speed and power to match changing load conditions; each individually controlled track is powered by a variable-displacement piston pump and motor combination; ground-speed selection buttons on single-lever steering and direction control; reverse speed ratio is fully operator customizable; decelerator pedal provides infinite speed control from full speed to complete stop
System Relief Pressure	47 574 kPa (6,900 psi)
Travel Speeds	
Forward and Reverse	9.7 km/h (6.0 mph)
Maximum (operator selectable)	11.0 km/h (6.8 mph)
Steering	Single-lever steering, speed, direction control, and counter-rotation; full power turns and infinitely variable track speeds provide unlimited maneuverability and optimum control; HST steering eliminates steering clutches and brakes
Final Drives	Double-reduction, planetary final drives mounted independently of track frames and dozer push frames for isolation from shock loads
Total Ratio	44.75 to 1
Drawbar Pull	
Maximum	365 kN (82,000 lb.)
At 1.9 km/h (1.2 mph)	226 kN (50,700 lb.)
At 3.2 km/h (2.0 mph)	143 kN (32,000 lb.)
Brakes	Decelerator/brake pedal; automatic power management with manual override for matching ground speed
Service	HST (dynamic) braking stops the machine whenever the direction/steering-control lever is moved to neutral or the decelerator is depressed to the end of travel
Parking	Exclusive safety feature engages wet, multiple-disc brakes whenever the engine stops, the decelerator is depressed to the end of travel, or motion is detected while the transmission control is in neutral; machine cannot be driven with brake applied, minimizing wearout; spring applied, hydraulic release

850L SPECIFICATIONS

Hydraulics		850L XLT / 850L WLT / 850L LGP				
Blade Type	PAT			OSD		
Type	Open-center load-sense hydraulic system with variable-displacement piston pump					
Pump Displacement	74 cc			74 cc		
System Relief Pressure	24 993 kPa (3,625 psi)			24 993 kPa (3,625 psi)		
Differential Pressure	1896 kPa (275 psi)			1896 kPa (275 psi)		
Maximum Flow at Unloaded High Idle	155 L/m (41 gpm)			155 L/m (41 gpm)		
Control	3-function electrohydraulic (EH) joystick with proportional roller-angle function			3-function EH joystick with proportional roller for optional power-pitch function		
Electrical						
Blade Type	PAT / OSD					
Voltage	24 volts					
Capacity						
Battery	950 CCA					
Reserve	190 min.					
Alternator Rating	130 amp					
Lights	LED: grille mounted (2); rear mounted (2); roof mounted, forward facing (2); and engine compartment (1)					
Undercarriage	850L XLT	850L WLT	850L LGP	850L XLT	850L WLT	850L LGP
Blade Type	PAT	PAT	PAT	OSD	OSD	OSD
Tracks	Track frame with front and rear track guides and sprocket guard; John Deere DuraTrax™ features deep-heat-treated, sealed, and lubricated track links and through-hardened, sealed, and lubricated rollers for maximum wear resistance; sprockets are segmented; extreme-duty shoes are available (on some models) for severe applications					
Track Gauge	2134 mm (84 in.)	2286 mm (90 in.)	2438 mm (96 in.)	1880 mm (74 in.)	2032 mm (80 in.)	2184 mm (86 in.)

See your John Deere dealer for further information.

850L Engine

- Meets EPA Final Tier 4/EU Stage IV emissions
- John Deere PowerTech™ PSS 6090 9.0L engine
- Wet-sleeve cylinder liners
- Eco mode
- Exhaust stack, black
- ▲ Exhaust stack, chrome
- Turbocharged and air-to-air aftercooled
- Dual-element dry canister with external rotary ejector precleaner
- Programmable auto engine shutdown
- Automatic turbo cool-down timer
- Exhaust filter, under hood, with vertical stack
- Fuel filters with automatic electronic priming
- ▲ Severe-duty fuel filter
- ▲ Engine coolant heater, 120 volt
- 130-amp alternator

Cooling

- Hydraulically driven cooling fan, variable-speed suction type
- Engine cooling rated -37 deg. C (-34 deg. F)
- Automatic, programmable reversing fan
- Engine radiator, hydrostatic (HST) cooler, and hydraulic cooler, 7 fins per in.
- Single-plane non-stacked cooler design

Powertrain

- Dual-path HST transmission
- Reverse-speed ratios (100%, 115%, and 130% presets or operator defined)
- Operator-selectable decelerator function (hydrostats and engine or hydrostats only)
- Single-lever steering with counter-rotate function
- Full power turns with infinitely variable track speed
- HST (dynamic) service brakes
- Wet, multi-disc parking brake
- Remote diagnostic test ports
- Sealed dedicated transmission reservoir and filtration system separate from hydraulic system

Hydraulic System

- Load-sense electrohydraulic (EH) system with variable-displacement piston pump
- 2-spool EH control valve for outside dozer (OSD)
- ▲ 3-spool EH control valve for OSD with single auxiliary
- 3-spool EH control valve for Power-Angle-Tilt (PAT)
- ▲ 4-spool EH control valve for PAT with single auxiliary
- Grade-control-ready EH hydraulics

850L Hydraulic System (continued)

- ▲ SmartGrade™ 3D grade-control system
- Hydrau™ All-Season Hydraulic Oil, -15 deg. C to 50 deg. C (5 deg. F to 122 deg. F)
- ▲ Hydrau™ XR Hydraulic Oil, -40 deg. C to 40 deg. C (-40 deg. F to 104 deg. F)
- ▲ Threaded pitch jack (OSD only)
- ▲ Power pitch for programmable return to pitch settings (OSD only)
- Hydraulic pump, standard
- ▲ Hydraulic pump, high flow (for use with hydraulic winch)
- ▲ Cylinder rod scrapers (PAT only)
- Sealed dedicated hydraulic reservoir and filtration system separate from transmission system

Undercarriage

- Full-length, smooth-surface track frame
- Double-flange rollers
- Oscillating undercarriage
- Heavy-duty sealed and lubricated undercarriage
- ▲ Extended Life undercarriage with SC-2™ bushings
- ▲ Full-length rock guards

Operator's Station

- Enclosed cab with air conditioner/heater
- ▲ Automatic temperature control (ATC)
- Deluxe seat, cloth with heavy-duty air suspension
- ▲ Premium seat, leather accented, heat and ventilation, with heavy-duty air suspension
- AM/FM/Weather-Band (WB) radio
- ▲ Premium radio with Bluetooth, AM/FM/WB radio, remote auxiliary, and remote USB port
- Multifunction/multi-language 178-mm (7 in.) color LCD monitor: Tachometer, hour meter, transmission direction and speed (forward/reverse), exhaust filter status, ambient temperature, and clock
- ▲ Rearview camera
- ▲ HVAC-powered precleaner
- Backup alarm
- 12-volt accessory plug (1)
- ▲ Additional 12-volt accessory plug
- ▲ Fire extinguisher mounting bracket
- Keyless start with multiple security codes
- ▲ Rear wiper and washer

Overall Vehicle

- Tilt operator station service access
- Environmental drain package
- Fluid-sampling ports

850L Overall Vehicle (continued)

- JDLink™ wireless machine communication system (available in specific countries; see your local dealer for details)
- ▲ Quick service ports (HST, hydraulic, and engine oil, and coolant)
- ▲ Fast-fuel system
- LED lights, grille mounted (2), front cab mounted (2), and rear mounted (2)
- ▲ Premium LED lights: grille mounted (2), high-output front cab mounted (4), and high-output rear mounted (4)
- Engine-compartment light
- ▲ Beacon light
- ▲ Topcon-ready interface package
- ▲ Trimble-ready interface package
- ▲ Leica-ready interface package
- Lockable master electrical disconnect switch
- ▲ Waste-handler package (LGP only)
- ▲ Large debris prescreen
- ▲ Recessed sprockets
- ▲ Final-drive trash guards (waste applications)
- ▲ Fender guards
- Foldout front grille
- ▲ Heavy-duty foldout front grille
- ▲ Forestry limb risers (sweeps)
- ▲ Cab screens, full enclosure
- ▲ Rear window screen

Attachments

- ▲ Rear ripper, parallelogram
- ▲ Counterweight, front, 355 kg (783 lb.)
- ▲ Rear counterweight (1 or 2)
- ▲ Retrieval hitch with pin
- ▲ Retrieval hitch with 1 or 2 counterweights
- ▲ Extended rigid drawbar
- ▲ Rear storage compartment with strikers

XLT WLT LGP 850L Shoes

- ▲ ▲ 610-mm (24 in.) moderate service with clipper corners
- ▲ ▲ ▲ 610-mm (24 in.) extreme service with clipper corners
- ▲ ▲ 760-mm (30 in.) moderate service with clipped corners
- ▲ ▲ ▲ 760-mm (30 in.) extreme service with clipped corners
- ▲ ▲ ▲ 760-mm (30 in.) extreme service with trapezoidal holes and clipped corners
- ▲ ▲ 910-mm (36 in.) moderate service with clipped corners
- ▲ ▲ ▲ 910-mm (36 in.) extreme service with clipped corners
- ▲ ▲ ▲ 910-mm (36 in.) extreme service with trapezoidal holes and clipped corners

While general information, pictures, and descriptions are provided, some illustrations and text may include product options and accessories NOT AVAILABLE in all regions, and in some countries products and accessories may require modifications or additions to ensure compliance with the local regulations of those countries.

Net engine power is with standard equipment including air cleaner, exhaust system, alternator, and cooling fan at test conditions specified per ISO9249.

No derating is required up to 3050-m (10,000 ft.) altitude. Also available: winches, fair-leads, log arches, skidding grapples, trash packages, landfill protection packages, cable plows, side booms, field-installed cab for canopy, canopy heater, and fire-suppression systems. Specifications and design subject to change without notice.

Wherever applicable, specifications are in accordance with SAE standards. Except where otherwise noted, these specifications are based on a unit with ROPS, full fuel tank, and 79-kg (175 lb.) operator. Operator station ROPS and FOPS certified.

COUNTY OF GREENSVILLE
BUILDING AND PLANNING DEPARTMENT

TO: The Honorable Board of Supervisors

FROM: Linwood E. Pope, Jr., Director of Planning 

RE: Abandonment of State Route 641 (Garners Mill Road)

DATE: July 15, 2020

On October 17, 2014 the County received a copy of a letter that was sent to VDOT from Mr. G.B. Ligon Jr. requesting that a portion of State Route 641 (Garners Mill Road) be abandoned. The Greenville County Board of Supervisors, at their regular scheduled meeting on December 1, 2014 authorized County Staff to initiate the abandonment process of a portion of Garners Mill Road (State Route 641) from approximately the 0.11 mile mark to approximately the 0.35 mile mark, a distance of .24 miles to the end of state maintenance, since this section of roadway serves no public necessity and is no longer necessary as a part of the Secondary System of Highways.

Staff advertised this Notice of Intent to Abandon State Route 641 in the local newspaper as required by the Virginia Department of Transportation. During the thirty (30) day comment period, staff was contacted by one citizen seeking information as a result of the Notice published in the newspaper. This concerned citizen wanted to ensure that the road would end in a cul-de-sac; therefore, making it easier for the school bus to turn around at the end of the road. Neither this concerned citizen nor any other citizen has requested that the County hold a public hearing on said matter.

Once the public comment period ended, staff sent VDOT a copy of the Excerpt of the December 1, 2014 minutes of the Board of Supervisors meeting, as well as a copy of the Notice of Intent that was advertised in the local paper.

In June of this year, County staff received the attached Resolution provided by VDOT as well as the attached VDOT Form AM 4.3 that must be approved and executed in order to complete the abandonment of said portion of Garners Mill Road.

Because no public necessity exists for the continuance of Garners Mill Road as a public road, staff recommends approval of attached resolution and authorizing Linwood Pope Jr. to sign VDOT Form AM 4.3 which will complete the abandonment process of this portion of Garners Mill Road.

LEP, Jr./tcp

RESOLUTION #21-12
§33.2-909 – Secondary Route Abandonment
Garners Mill Road, Route 641
With No Replacement Road Final Resolution

WHEREAS, a public notice was posted as prescribed under §33.2-909, *Code of Virginia*, announcing this Board's intention to abandon the segment of road described below from the Secondary System of State Highways, and

WHEREAS, no petition for a public hearing was filed, and

WHEREAS, after considering all evidence available, the Board is satisfied that no public necessity exists for the continuance of the segment of Secondary Route 641 from 0.11 miles west of Rt. 633 to 0.35 miles west of Rt. 633, a distance of 0.24 miles, and

WHEREAS, the Commissioner of the Virginia Department of Transportation was provided the prescribed notice of this Board's intent to abandon the subject segment of road, and

WHEREAS, the segment of Route 641, identified on the attached Form AM 4.3, is no longer needed as part of the Secondary System of State Highways.

NOW, THEREFORE, BE IT RESOLVED, this Board abandons the above described segment of road and removes it from the Secondary System of State Highways, pursuant to §33.2-909, *Code of Virginia*.

BE IT FURTHER RESOLVED, that a certified copy of this resolution be forwarded to the Resident Engineer of the Virginia Department of Transportation.

Adopted this 20th day of July, 2020

10/17/14

Dear Gentlemen,

I am writing on behalf of the Estate's of George B. Ligon Sr. and Alice Rook Ligon, requesting the dirt/gravel road located at the intersection of Pine Log Road (633) and Garner Mill Road be removed from the state system for the following reasons.

The land that fronts on both sides of this road is owned by our family and has been for over 65 years. At the end of this road is a pond that typically draws the curious nature of people. Most often it becomes a dumping area for those seeking to dispose of roofing shingles, old car and truck tires and household trash, etc. This road is located at a southern most point in Greenville County (very near NC border). It has been very difficult to police the area since most undesirable activity occurs during night and early morning hours.

For these reasons, we feel the best alternative to protect and properly maintain the property is to install a lockable gate that would be erected behind Jerusalem Church so as not to interfere with their churchgoers. A local representative from the VDOT maintenance group met with me and discussed how best to eliminate the option of circumventing the gate once installed. The VDOT crew was able to dig the ditches out deep enough to deter going around the gate once installed, which we would repeat as often as necessary.

On behalf of the trustees, I respectfully request the road be abandoned and taken out of the system and appropriately deeded to the Alice Rook Ligon Estate.

Thank you for your consideration and prompt attention to this matter.

Sincerely,

[Handwritten signature: Ben]

 Michael W. Ferguson, Vice-Chairman
 James C. Vaughan
 Dr. Margaret T. Lee

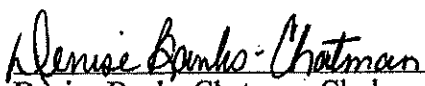

In Re: Request to Abandon a Portion of Garners Mill Road

Mr. Lin Pope addressed the Board of Supervisors stating that the County had received a formal request from George B Ligon, Jr. to abandon a portion of Garner's Mill Road. He stated that there was a lot of dumping and other illicit activities going on and being there was no public use for the road, the Ligon family had requested to have that portion of the road abandoned starting at the church going towards the pond. He then stated that in order to start that process, Staff was requesting permission from the Board of Supervisors to start the process of abandonment on a portion of Garner's Mill Road. He stated that there would have to be an advertisement for a public hearing and if Staff received a response, a public hearing would be held and if a response was not received, a public hearing would not be held.

Supervisor Ferguson moved, seconded by Supervisor Lee, to approve Staff's request.
Voting aye: Supervisors Ferguson, Lee, Vaughan and Chairman Wiley.

COUNTY OF GREENSVILLE
BUILDING AND PLANNING DEPARTMENT

TO: The Honorable Board of Supervisors

FROM: Linwood E. Pope, Jr., Planning Director

RE: Request to abandon a portion of Garners Mill Road

DATE: November 19, 2014

The County has received a formal request from George B. Ligon, Jr. to abandon a portion of Garners Mill Road. Garners Mill Road is a gravel road that is adjacent to Jerusalem Baptist Church which is located on Pine Log Road. Once past the church property, Mr. Ligon's family owns the property on both sides of the road. The road ends at a mill pond that is owned by the Ligon family. At the end of state maintenance, people are dumping trash and debris upon the Ligon property. Since the road serves no public necessity, the Ligon Estate is requesting the abandonment of approximately 1300 lf of this portion of Garners Mill Road.

The power to abandon a secondary road is vested entirely to the Board of Supervisors if the Board determines that no public necessity is served or if the current welfare and safety of the public is best served by abandonment.

It is evident to staff that no public necessity is served by the portion of the road upon the Ligon's property. Therefore, staff is seeking permission from the Board of Supervisors to begin the abandonment process. Once permission is granted, staff will post the Notice of Intent to Abandon at the Courthouse, publish the Notice of Intent to Abandon in two issues of the newspaper, and notify the Commonwealth Transportation Board Commissioner of the proposed abandonment.

FINAL APPROVAL VERSION 7/14/20**SCHOOL COST SHARING AGREEMENT FOR FISCAL YEAR 2020-2021**

THIS AGREEMENT, made and entered into this _____ day of July, 2020, by, between, and among the BOARD OF SUPERVISORS OF GREENSVILLE COUNTY, VIRGINIA and the SCHOOL BOARD OF GREENSVILLE COUNTY, VIRGINIA, parties of the first and referred to collectively as the "County", and the COUNCIL OF THE CITY OF EMPORIA, VIRGINIA and the SCHOOL BOARD OF THE CITY OF EMPORIA, VIRGINIA, parties of the second part, referred to collectively as the "City".

RECITALS:

- R-1 The County and the City are parties to an Agreement dated January 7, 2003 (the "2003 Agreement"), that provides for the County to provide school services and facilities to the City, and for the City to pay a portion of the costs of the County's School Division (the "School Division"). The 2003 Agreement provided for the Agreement to expire on June 30, 2013.
- R-2 The County and the City are parties to the "Amendment to January 7, 2003 School Agreement", dated June 18, 2003 (the "First Amendment"). The First Amendment extended the term of the 2003 Agreement and provided for the 2003 Agreement to expire on June 30, 2018.
- R-3 On November 27, 2018, the County and the City entered into the "Second Amendment to January 7, 2003 School Agreement" with an effective date as of July 1, 2018 (the "Second Amendment"). The Second Amendment extended the term of the 2003 Agreement and provides for the 2003 Agreement to expire on June 30, 2020.
- R-4 The County and the City have negotiated this Agreement over a period of months with the assistance of a mediator. The County proposed that the Net Local School Cost for the Approved FY 2020-2021 School Division Budget be allocated between the County and the City based on the Cost Per Student determined by dividing the Net Local School Cost by the total number of students (2011.56) and then multiplying the Cost Per Student times the number of County Students (1112.20) and the number of City Students (899.36). Under the County's proposal, the County's allocation of the Net Local School Cost was \$5,367,743 and the City's allocation was \$4,340,527. The City proposed that its allocation of the Net Local School Cost for the Approved FY 2020-2021 School Division Budget should be based on "level funding" under which the City would appropriate the same amount for FY 2020-2021 as it did for FY 2019-2020 (\$3,723,783). The difference between the County's position and the City's position left a gap of \$616,744. The County and the City have negotiated to close this "gap" by: using the \$402,581 in the School Capital Projects Fund Balance reported in the 2018-2019 CAFR; establishing the School Facility Study Reserve Fund funded by a reserve of amounts appropriated by the County

and the City for FY 2019-2020 but not spent by the School Division during FY 2019-2020; and sharing equally any remaining gap in funding.

- R-5 The County and the City enter into this Agreement to provide for the allocation of the Net Local School Cost for FY 2020-2021 between the County and the City, as set forth below.

AGREEMENT:

Now, therefore, for and in consideration of the promises and benefits inuring to each party hereto, the County and the City agree as follows:

1. DEFINITIONS.

A. Fiscal Agent. "Fiscal Agent" shall mean the Treasurer of Greenville County acting as the Fiscal Agent of the School Division.

B. School Division. "School Division" shall mean the Greenville County Public Schools.

C. School Fund. "School Fund" shall mean the General Fund maintained by the School Division. The School Division may allocate funds from the General Fund to other funds consistent with the classification of appropriations by the Greenville County Board of Supervisors pursuant to Va. Code. § 22.1-94 and 22.1-115.

D. 2018-2019 CAFR. The "2018-2019 CAFR" shall mean the Comprehensive Annual Financial Report for the School Division for the period ending June 30, 2019.

E. 2019-2020 CAFR. The "2019-2020 CAFR" shall mean the Comprehensive Annual Financial Report for the School Division for the period ending June 30, 2020.

- 2. SCHOOL SERVICES AND FACILITIES.** The School Division shall provide school services and facilities to City students and to County students.

- 3. COST ALLOCATION.** The Net Local School Cost shall be allocated between the County and the City for FY 2020-2021 as stated below.

A. Approved FY 2020-2021 School Division Budget. The "Approved FY 2020-2021 School Division Budget" shall mean the budget for the School Division approved by the County and the City for FY 2020-2021.

B. Net Local School Cost. “Net Local School Cost” shall mean the amount paid by the County and the City for FY 2020-2021 from appropriations of funds generated from local taxation or other local revenue sources and allocated between the County and the City pursuant to this Agreement. The Net Local School Cost under the Approved FY 2020-2021 School Division Budget is \$9,708,720.

C. County Allocation. The County allocation of Net Local School Cost shall be \$5,367,743.

D. City Allocation. The City allocation of the Net Local School Cost shall be \$4,340,527. The City shall be credited for the payment of the City allocation of Net Local School Cost based on the following elements:

1. The City shall pay \$3,755,941 to the School Fund in twelve equal monthly installments of \$312,995.08 each. This amount is calculated based on the City’s appropriation for FY2019-2020 of \$3,723,783 plus an additional amount of \$32,158.
2. The School Division shall use the School Capital Project Fund Balance reported in the 2018-2019 CAFR (\$402,581) for capital projects approved in the Approved FY 2020-2021 School Division Budget.
3. The County and the City hereby establish the School Facility Study Reserve Fund in the amount of \$150,000. This Fund shall be used for a study of the need for new or renovated high school facilities. The School Facility Study Reserve Fund shall be funded by a reserve of amounts appropriated by the County and the City for FY 2019-2020 but not spent by the School Division during FY 2019-2020. For purposes of calculating the amount “Due to City of Emporia” for FY 2020-2021, \$67,500 shall be allocated to the City ($\$150,000 \times 45\%$). The County shall be responsible for \$82,500 of this amount ($\$150,000 \times 55\%$).
4. The County and the City hereby establish the Additional Reserve Fund in the amount of \$37,650. The County and the City have not agreed that it will be necessary to fund or use the Additional Reserve Fund. The County and the City agree to fund and use the Additional Reserve Fund if necessary to meet the actual expenditure requirements of the School Division for FY 2020-2021. The Additional Reserve Fund shall be funded, if necessary, by a reserve of amounts appropriated by the County and the City for FY 2019-2020 but not spent by the School Division during FY 2019-2020. For purposes of calculating the amount “Due to City of Emporia” for FY 2020-2021, \$16,942.50 shall be allocated to the City ($\$37,650 \times 45\%$). The County shall be responsible for \$20,707.50 of this amount ($\$37,650 \times 55\%$).

5. The City agrees to the expenditure of the \$402,581 of the School Capital Projects Fund Balance as reported in the 2018-2019 CAFR for FY 2020-2021. To the extent necessary, the resolutions approving this Agreement shall serve as a re-appropriation of these funds by the County and the City.

6. The City agrees to the expenditure of the \$150,000 of the School Facility Study Reserve Fund for FY 2020-2021. To the extent necessary, the resolutions approving this Agreement shall serve as a re-appropriation of these funds by the County and the City.

7. The City agrees to the expenditure of the \$37,650 of the Additional Reserve Fund for FY 2020-2021 if the expenditure of such Additional Reserve Fund if it is agreed by the County and the City that this amount is necessary to finance the School Division's expenditures for FY 2020-2021. To the extent necessary, the resolutions approving this Agreement shall serve as a re-appropriation of these funds by the County and the City.

4. **TITLE.** The title to all school property used by the School Division shall continue to be vested in the County.
5. **CONSENT ORDER.** The County and the City do not believe it is necessary to secure a Consent Order from the United States District Court for the Eastern District of Virginia in the matter of Wright et al. v. County School Board of Greenville County Virginia, et al., C.A. No. 3:02cv539, in order for the terms of this Agreement to be effective and binding upon them. However, each party hereto agrees that in the event any party hereto determines that entry of such a Consent Order is necessary, each party hereto will cooperate with the other in the effort to secure entry of such a Consent Order.
6. **GOVERNANCE.** During the term of this Agreement, the Greenville County School Board shall have six members, four of whom shall be residents of the County of Greenville, and two of whom shall be residents of the City of Emporia.

The election of the County representatives to the County School Board shall be in accordance with the laws made and provided for such elections, and the City representatives shall be appointed by the City Council.

7. WINDING UP THE 2003 AGREEMENT AND TRANSITION.

A. The 2003 Agreement as extended, expired on June 30, 2020. The 2003 Agreement shall have no further effect other than as expressly provided for in this Agreement.

B. The School Division shall pay the City the amount "Due to City of Emporia" for FY 2018-2019 within 15 days of the full execution and delivery of this Agreement. The 2018-2019 CAFR reports the amount "Due to City of Emporia" of \$474,841. This \$474,841 is the cumulative amount of the City's payments to the School Division pursuant to the 2003 Agreement that exceeded the amounts spent by the School Division for the fiscal year appropriated.

C. The School Division shall pay the amount "Due to City of Emporia" that will be reported in the 2019-2020 CAFR, using the calculation method applied in determining the amount "Due to City of Emporia" in prior years. This calculation method shall be based on the following elements:

- i. The amount transferred by the City to the School Division as the City's budgeted allocation of the Net Local School Costs for FY 2019-2020 pursuant to the 2003 Agreement.
- ii. The actual expenditures by the School Division during FY 2019-2020 as reported in the 2019-2020 CAFR.
- iii. The City's allocation of the Net Local School Costs for the FY 2019-2020 pursuant to the 2003 Agreement based on the School Division's actual expenditures for FY 2019-2020.

D. No other payments shall be due to the County or the City other than as specifically provided for in this Agreement.

E. **City Release.** The City hereby discharges and releases Greenville County, the Greenville County Board of Supervisors, the Greenville County School Board, and the School Division, and their respective officers, employees, agents, attorneys, and representatives from all claims, debts, suits, actions, charges, demands, judgements, costs, executions, liabilities and all other obligations, whether in contract, tort, or other, known or unknown, both legal and equitable, relating to the 2003 Agreement, the First Amendment, the Second Amendment, or this Agreement, other than as expressly stated in this Agreement.

F. **County Release.** The County hereby discharges and releases the City of Emporia, the City Council, and the School Board of the City of Emporia and their respective officers, employees, agents, attorneys, and representatives from all claims, debts, suits, actions, charges, demands, judgements, costs, executions, liabilities and all other obligations, whether in contract, tort, or other, known or unknown, both legal and equitable, relating to the 2003 Agreement, the First Amendment, the Second Amendment, or this Agreement, other than as expressly stated in this Agreement.

8. PAYMENTS.

A. County Payments. The County shall pay the County Allocation of Net Local School Cost to the School Fund when and as needed during FY 2020-2021.

B. City Payments. The City shall pay to the Fiscal Agent a total of \$3,755,941 for FY 20-21, in twelve equal monthly installments of \$312,995.08 each, beginning in July 2020 and continuing for each consecutive month thereafter. Payments shall be made by the 15th day of each month.

9. BINDING EFFECT. The Board of Supervisors of Greenville County, the School Board of Greenville County, the Council of the City of Emporia, and the School Board of the City of Emporia agree that they shall each be bound by the terms of this Agreement.

10. TERM. This Agreement shall be for a term commencing on July 1, 2020 and terminating on June 30, 2021. This Agreement shall have no effect after June 30, 2021.

11. COUNTERPARTS. This Agreement shall be executed in quintuplicate, with each executed copy being deemed and considered an original.

IN WITNESS WHEREOF, each party has caused this School Cost Sharing Agreement for Fiscal Year 2020-2021 to be duly executed by its authorized officer, agent or representative.

THIS AGREEMENT, made and entered into this ____ day of July, 2020, by and between the BOARD OF SUPERVISORS OF GREENSVILLE COUNTY, VIRGINIA (the "County") and the COUNCIL OF THE CITY OF EMPORIA, VIRGINIA (the "City").

RECITALS

- R-1 The County and the City were parties to an Agreement dated January 7, 2003 (the "2003 Agreement"), that provided for the County to provide school services and facilities to the City and for the City to pay a portion of the costs of the County's School Division (the "School Division"). The 2003 Agreement expired on June 30, 2013.
- R-2 The County and the City were parties to the "Amendment to January 7, 2003 School Agreement", dated June 18, 2003 (the "First Amendment"). The First Amendment extended the term of the 2003 Agreement and provided for the 2003 Agreement to expire on June 30, 2018.
- R-3 The County and the City were parties to the "Second Amendment to January 7, 2003 School Agreement", with an effective date as of July 1, 2018 (the "Second Amendment"). The Second Amendment extended the term of the 2003 Agreement and provided for the 2003 Agreement to expire on June 30, 2020.
- R-4 The 2003 Agreement expired on June 30, 2020.
- R-5 The County and the City, with the Greensville County School Board and the School Board of the City of Emporia, are parties to the School Cost Sharing Agreement for Fiscal Year 2020-2021, dated July ___, 2020.
- R-6 The County and the City enter into this Agreement to provide for the negotiation of a long-term school cost sharing agreement.

AGREEMENT:

Now, therefore, for and in consideration of the promises and benefits inuring to each party hereto, the County and the City agree as follows:

1. The County and the City shall begin negotiation of a long-term school cost sharing agreement within thirty (30) days of the execution of this Agreement.
2. Counterparts. This Agreement may be executed in duplicate with each executed copy being deemed and considered an original.

7/14/20

In witness whereof, the County and the City have caused this Agreement to Begin Negotiation of a Long-Term School Cost Sharing Agreement to be duly executed by its authorized officer, agent or representative.
